## Council Honors 4 Police for Dramatic Rescue

In two hours Tuesday night Borough Council accomplished more than it usually does in four.

Maybe the quickened pace was due to the nature of the agenda. Perhaps the Council just wanted to get home early. Or maybe the stirring tribute to the four police officers who saved the life of a 15-year-old boy invigorated the Council and citizens remaining for the regular Borough proceedings.

In any case, this week's Borough Council meeting moved with an alacrity and directness rarely found in municipal meetings — especially those in the middle of summer.

Following a 30-minute presentation of honors to the men who saved the life of Christopher Russo, Council heard — and accepted with varying degrees of enthusiasm — proposals for action on subjects ranging from bicycle paths to the impeachment of President Nixon, from rent leveling to environmental encroachment of Harry's Brook. And more. Even the taxpayers in the audience kept pace with pertinent questions, informative comments, and useful suggestions. Again, something rarely found at municipal meetings.

Center Stage. But in the beginning the spotlight was on the rescue of Chris Russo, who just two weeks ago was trapped under 10 feet of water in a pool at his home at 58 Cleveland Lane. He had been trying to clean a drain pipe when his arm became stuck and the police were summoned.

This week the Borough and the American Legion honored the four patrolmen who came to his rescue: Victor Fasanello, William Fitch, Peter Hanley and William Hunter.

A standing-room-only crowd filled Borough Hall. Councilman and Police Commissioner Joseph Moore read a report from Police Chief Michael Carnevale. In part it stated:

"Police give a great deal to the community both on and off duty. Hanley and Fitch are also members of the First Aid Squad. Ptl. Hunter on his own time attended an advanced Red Cross training course. Ptl. Fitch, who was off duty at the time of this incident, responded and played a key role in the rescue."

Devotion to Duty. "I am extremely proud of our Police Department for their dedication to duty and their sensitivity and human approach to the tragedies which affect so many of our citizens. I am proud of their successful rescue of this young lad, but I'm as equally proud of their devotion to duty, in protecting the lives and property of citizens on a daily basis."

Following Mr. Moore's reading of Chief Carnevale's statement, congratulatory letters from area politicians were read, and the four officers were introduced. They received a standing ovation from the packed audience.

Then American Legion Medals of Valor were awarded to the policemen, and a Citation of Meritorious Service was presented to the Princeton First Aid and Rescue Squad.

At this point Chris Russo, who had been released from the hospital only the day before, was asked to stand. Seated with his family in the second row from the front, Chris rose very slowly.

"Thank You." The big crowd was silent as Chris made his way from his seat to the row of policemen. Then he broke into a wide smile revealing a teenager's typical network of braces, and said in a faint but discernible voice, "Thank you very much."

The spectators stood again and applauded as Chris shook hands with each police officer.

Then Council, in two hours

flat, raced through its regular agenda, with only about 20 of the original gathering staying until the end.

Awards for meritorious service were presented to former Police Chief Peter J. McCrohan; former Fire Chief Alistair M. Stewart; Board of Health member Marge Fischer; Civil Rights Commissioner Joan Hill; Civil Rights Commission member Grady Harris; and Douglas N. Watson Jr. of the Joint Recreation Board.

Rent-Leveling. Soon Council was proposing to amend the Rent Leveling Ordinance enacted just last week. Councilman Robert S. Powell introduced a four-part amendment which will undergo a public hearing at the next scheduled meeting, September 11.

The amendment provides that a landlord entitled to a Consumer Price Index increase may forego that increase but recapture it at a later lease; that capital improvement charges may only be levied at the expiration of an old lease and the beginning of a new one; that a tax surcharge may be levied only at the lease expiration; and that routine maintenance costs could be included in the fixed costs of a landlord petitioning for a hardship status before the Rent Leveling Board.

Introduction of the amendment was approved unanimously, at which point one landlord, who admitted he had not attended previous rent leveling discussions, asked why such a law was necessary.

The question was the kind that might have taken an hour to answer. But Robert Cook, another landlord who has attended the previous hearings, replied: "Basically, I'm against any rent control, but if we have to have a law, then this one is fair to landlords."

Part-Timer. Mayor Robert Cawley also announced at this point that the Rent Leveling Board probably would not be appointed until September, but that an administrator for the ordinance had been appointed.

She is Mrs. Jane Kerney, a former Princeton Packet reporter, who will staff a Borough Hall office from 10 to 2 Tuesdays and Thursdays and 1 to 3 Fridays. "It's a half-time position," said the Mayor of the \$4,300 a year position.

Councilman Powell then raised the issue of Harry's Brook and the environmental encroachment on the part of Sandean Construction, developers of the Queenston Commons condominiums next to the stream at Harrison Street and Hamilton Avenue.

No Dumping. Tracing the chronology of the developer's activities there, Mr. Powell said that the project had been issued a permit for water encroachment by the state under two conditions: that all dumping or fill or debris within 20 feet of the stream be prohibited; and that the developers maintain a grade on the slopes roughly the same as the natural state.

Mr. Powell, other members of Council and citizens have all visited the site and found the condition of the stream in violation of the state permit. Erosion and flooding have increased markedly.

### On the Cover

Bal cocked, eyes following the ball, 11-year-old Mark Adams waits for his pitch, as the subject of photographer Pryde Brown. The son of Mr. and Mrs. Charles C. Adams, 57 Mt. Lucas Road, he played shortstop for Roma Eterna, which won its second consecutive championship in the Princeton Youth Baseball Association Little League this summer.

A representative from the State Environmental Protection Agency also had inspected the site. Mr. Powell said, but he and the state had not recognized the same severity in the problem. Although the state permit had expired last April for the developers, the condominiums were still being built.

The developers just this week received new requirements from the state, but they included no deadline for action, and allowed building procedures that would effectively violate the state's requirements in the original permit.

What Next? In the face of the state's indifference, Council indicated it felt powerless to stop the environmental intrusions in Harry's Brook. What could be done, Mr. Powell wanted to know.

Roger McDonough, a member of the Zoning Board of Adjustment, argued that the Borough had been dealing with "third stringers." He suggested approaching the environmental commissioner directly.

"I'm a state official myself," said Mr. McDonough, the State Librarian. "I know what works in Trenton. Not pious resolutions. The Borough has to come out swinging."

Several taxpayers suggest that the Borough make life miserable for the developers, by delaying occupancy permits, or seeking court injunctions against continued building.

This Week. Mayor Cawley indicated he would take the issue up with the commissioner or this week, and attempt to arrange a meeting among the state, Borough and developers as soon as possible.

The audience continued to argue for a hard line against the developers and against the state for failing to enforce its own regulations.

Councilwoman Barbara Sigmund announced that tentative bicycling paths had been drawn up for the Borough and that a meeting would be held Thursday at 3 in Borough Hall to review them. "By our September meeting, we hope to ordinance some segment of the paths," she said.

Asian Concerns. Mr. Powell summarized a report from Health Officer David T. Blake, who said that under the Borough's new stringent housing inspection procedures 27 units had been inspected 45 times since April 1. Of these, eight had been made as a result of citizens' complaints.

Councilman Martin P. Lombardo voiced his concern over the continued bombing in Cambodia and what he termed the "sabotage of American democracy" as a result of the Watergate scandal.

"As we honor these men who saved one life in Princeton," he said, "we should remember what's happening to thousands of Asians."

Though few of his audience agreed with his proposal, Mr. Lombardo's suggestion for handling Watergate and Cambodia was similar in spirit to what others recommended in the Harry's Brook case: action.

Back to Princeton. "We are just as guilty of taking no action as are the people in Washington," he said. "We should start thinking about resolutions calling for resignation or impeachment of the President."

Mayor Cawley replied that he thought Council would better express its views on national issues, as it has in the past, but leave the guilt or innocence of individuals up to those bodies charged with such concerns. The Mayor's remarks received some isolated applause.

At that point, Mrs. Sigmund brought the discussion back to Princeton. She had to discuss the bicycle paths and welfare

#### RENT DATE RELEASED

For CPI Increases, Borough Councilman Robert S. Powell has made available a table listing the Consumer Price Index (CPI) for the Philadelphia-Camden region for each month from January, 1970, to June, 1973. The CPI figures are used to compute rents under Princeton's new Rent Leveling Ord.

Councilman Powell's explanation of how to use the figure follows:

To determine the date your present lease began, and the date it will end (Month to month unwritten leases generally are considered to have begun on the date of the last rent payment, and ended on the date another increase lawfully was included to go into effect.)

Second, compute the percentage increase in the CPI which occurred between the beginning of your present lease and 90 days prior to the end of your lease. The percentage increase is then applied to the base rent effect on May 1, 1973 (the "base rent").

This is the maximum "cost of living increase" allowed under the law.

Example: Suppose your present lease began September 1, 1972, and ends September 1, 1973. To figure the maximum CPI increase, go to the table and find the CPI for June, 1972 (90 days prior to start of lease) and the CPI for June, 1973, (90 days prior to expiration). The first figure is 126.5 and the second figure is 134.7.

This represents a percentage increase in the CPI of 6.5 percent. If your base rent (May 1, 1973) was \$200, the landlord is entitled to a maximum increase of \$13 per month during the term of your new lease.

Note that additional increases may be allowed for 1973 tax increases and capital improvements, but these must be calculated separately for each rental unit.

Rent increases based on CPI increases do not require approval of the Borough, but a written explanation of the basis for increases must be provided to the tenants, and a copy filed with the Borough.

### CYCLIST KILLED

In Accident Near Troy, N.Y. Gregory W. Clark, 21, of 107 Pierson Drive, Pennington, was one of three motorcyclists killed Saturday when a pickup truck swerved into their path on Route 22 near Troy, N.Y.

The other two victims, all of whom died instantly in the head-on collision, were Mark Carey, 17, of West Ridge, N.H., and his 23-year-old sister, Phyllis. The three were on two cycles, but it was not known here on which one the young woman was a passenger.

New York State Police said that the truck, approaching the northbound cyclists, was proceeding south when it veered into their lane. The driver, George Blowers, 30, of Petersburg, N.Y., faces charges. He is reportedly in fair condition in a Bennington, Vt. hospital.

Mr. Clark, born in Harvey, Ill., graduated from Hopewell Valley Regional High School three years ago and attended Illinois Institute of Technology. He had been employed as a mechanic.

Surviving are his parents, Mr. and Mrs. Kenneth G. Clark of the Pennington address; two sisters, Nancy and Laurel, both of Pennington; a brother, Allan of Princeton; his paternal grandparents, Mr. and Mrs. Frank Clark of Riverdale, Ill.; his maternal grandfather, George Leonard of Pennington, and several aunts and uncles.

The service was held Wednesday morning, with Mass of the Resurrection celebrated at St. James Roman Catholic Church. Interment will be at the convenience of the family.

### WOMAN DIES IN CRASH

Car Hit by Tractor-Trailer. Mrs. Barbara Huse, 40, of Neshanic was killed Friday night when the rear portion of a tractor-trailer became uncoupled and struck the car she was driving on Route 206, Hillsborough Township.

Police said that Mrs. Huse was going north and the tractor-trailer going south. As the two passed, the trailer broke loose and swerved into the path of her car.

A real estate broker with offices in Neshanic, Mrs. Huse is survived by her husband, Robert. He had been hospitalized earlier this summer with serious injuries resulting from an automobile accident.

# Chicken... Or Pork... Or Let 'Em Eat Cake--But Very Little Beef

Princeton is no exception to the nationwide beef shortage. The large supermarkets have been receiving shipments of beef only half as large as they ordered. Depending on the day of the week, customers may find meat counters practically barren, with chopped lamb substituting for ground chuck, and some other cuts completely out of stock.

Smaller meat markets have found their beef deliveries slashed by 50 percent or more. Princeton markets, however, report their reserves strong—through also dwindling.

The major concern of the small meat markets has been to protect their steady customers against the onslaught of beefless consumers who can not find sufficient supplies at the big stores.

Toto's Market at 74 Witherspoon Street, for example, has generally limited ground chuck sales to two pounds per customer. "We're here to serve all the people," said Albert M. Toto Jr. "Even our regular customers are being shorted."

If and when, in anticipation of sharply higher beef prices when the current freeze is lifted—September 12 or before, if Congress acts—con-

sumers are trying to stockpile it.

Mr. Toto has orders in hand through September 7, "all on an if and when basis." Although his supplies are arriving at a rate 70 percent below normal, the orders are coming in 150 percent above.

"If I had all the beef I wanted, I'd be working 24 hours a day selling it," he said.

Robert Ertel, for 28 years the butcher at the Food Mart, 20 Witherspoon Street, said he is getting almost his normal supplies of beef. "If people from the chain stores don't come here, we can take care of all our normal customers," he said.

Already Mr. Ertel has received numerous orders for entire hind quarters—all from consumers who own large freezers. All have been turned down.

Next door at Reilly's Meat Market, 22 Witherspoon, the management also has encountered many new customers. "We're pretty well stocked and it looks good for the next two weeks," said John Zullo, "unless I get real busy and then I'll run down in a week."

Steaks Out. The Acme at the Shopping Center and Davidson's, 172 Nassau Street, both

reported cuts of 50 percent in deliveries. Neither has set limits on the amount of beef an individual can buy.

Last Saturday at about mid-afternoon the Acme ran out of steaks and then ground chuck—in that order. More beef, however, was due to arrive by Monday.

The same afternoon, a shopper in Davidson's was able to find ground lamb stocked on the counter instead of ground chuck. Louis Funk, Davidson's manager, would not predict when a shopper was likely to find what. "It's hard to say when you're going to run out when you don't know when you're going to get it."

On Monday of this week Mr. Funk took time out to check a price list from that day against another one a year before. Chicken had gone from 29 cents a pound to 89; bottom round roast, from \$ .99 to \$1.59.

Tender Subject. Mr. Funk's problems have been compounded, he said, by his wholesaler, Swift and Company, which is now delivering to him a special, tenderized beef—and charging him two cents more per pound for it.

This beef wasn't available when the freeze went into effect last March, and Swift's

allowable ceiling price is that much higher. "Now we're glad to get it," said Mr. Funk, "but we don't know the legality of the price increase, and it also affects cooking—an other hardship for the consumer."

Mr. Funk said the tenderizer made little difference in preparing hamburger or steak, but that roast could become very tender.

"Tricky to cook," he said, "but of course not that many people are buying roasts any more."

Do or Die. Nerves have been frazzled all the way through the food industry during the current shortage. Acme Manager Russell Wheeler has called his suppliers several times. "When we call they don't want to talk to you, they're doing everything they can, it won't do any good to complain, and so on."

At the A&P in the Shopping Center, Manager Hugh Arbuthnot cut off the first inquiry with a company line. "I am not allowed to divulge any information about the current meat situation. You'll have to call headquarters in Philadelphia."

When pressed he answered, "We're all short. Ours is not to wonder why."

### HOUSING PLAN BACKED

By Township Committee After hearing that the proposed actions were either too much or too little, Princeton Township Committee this week endorsed the recommendations of the Mercer County Low Income Housing Task Force.

By a unanimous vote, Committee voiced its approval of the regional planning approach to public housing and lent its support to the concept of a Mercer County Public Housing Authority, although Committee made clear that the Township would not be eligible to join such an authority since it had already delegated its housing concerns to Princeton Borough.

Mayor Jay Bleiman emphasized that the recommendations carry no binding authority and that the proposal for new housing units was probably in line with what the Princeton Housing Authority already had planned, but the Task Force statement still drew criticism from the audience.

Dr. William Cherry argued, in effect, that the housing proposal could be superfluous. "I wonder if the proper focus of regional planning shouldn't be employment rather than housing," he said. "If this were the focus, then housing could be found as a reasonable consequence of these jobs."

Arguing against what he termed "simple solutions," Dr. Cherry reminded his audience of the research being conducted, "on a high intellectual plane, of the multiplicity of feedback mechanisms involved in urban planning." Citing computer studies, he said, "Putting housing where it's

most convenient can sometimes lead to dire consequences."

Useless. Mayor Bleiman referred to the same computer research, saying, "Most of it is on such a high intellectual plane as to be fairly useless to the poor guy down on the firing line."

Committeeman William T. Sutphin challenged Dr. Cherry's assertion that housing would follow jobs. "In the past 10 years we have had plenty of new jobs opening in this area. Has housing kept up with the jobs? No."

Leonard Newton, a public housing advocate, worried that the Task Force activities would only raise unrealistic expectations of those who need low-cost and moderately priced housing. "Look at our track record for the past two decades," he said. "We've done a lot of dreaming and a lot of

talking but we have accomplished nothing."

Another resident, Mrs. Estelle Kuhn, said she did not disapprove of the report, but she called it "an exercise in futility."

**CHICKENS, IF THE PRICE IS RIGHT...** Nancy Schluter, Republican State Committee-woman, and Dick Vannoy, right, Chairmen of the Annual GOP Chicken Bar-B-Que in Hopewell Valley, check the price of chickens at a super market with their chief chef, John Huddleson. The price? "It's a problem, no doubt about it," said Mrs Schluter. The Bar-B-Que, a yearly event of Pennington and Hopewell township Republicans, will be held August 16 at the Union Firehouse in Titusville.

**Problems Cited.** Mrs. Kuhn listed three problems she saw with the report after what she admitted was a cursory examination.  
First, she said, was "the totally voluntary nature of the plan." Second, according to Mrs Kuhn was that the planners were "counting on Federal programs to assist the plan, and there are no Federal housing programs."

Finally, she said, "the plan contained no discussion of simultaneous transportation development." Without that, "low income housing would just turn into low income ghettos," she said.

Committeewoman Barbara Smoyer argued that the action on the county proposal was not "precluding our efforts to construct housing in the Township."

**Old Song.** Mayor Bleiman agreed "We are working for housing. My hope now is that PCH turns its first spade this fall."

To which Mrs Kuhn replied "I heard that two years ago."

The Mayor argued that this year the Princeton Community Housing project looked more certain, since the plan had come down to a single issue: a failure thus far of the state and the contractor to agree to a final contract. "The state has put up \$300,000 of its own money on PCH," said Mr Bleiman. "It has a real stake."  
Mrs Kuhn, saying the plan created illusions for those who need housing and also for those who by endorsing it "think they are doing something about the problem," argued finally that Committee strengthen its endorsement with a statement calling for the task force to consider some means of enforcing its housing proposals.

**Sidewalks Again.** Mr. Bleiman then read the letter of endorsement, as it had been drafted originally in executive session, and Committee gave its unanimous approval.

A few minutes later Mr Newton headed for the exit. "You have to wonder about our system of government. These issues should have been raised long ago," he said.

"But look at the priorities they place. What are they talking about now—some sidewalks out in the middle of nowhere? This is the third meeting in a

row this question has been raised," said Mr. Newton.  
He was right. For the third meeting in a row, Committee was considering the sidewalk being installed on Princeton Theological Seminary land on Mount Lucas Road.

**Semi-Rural.** The few residents living near or across from the sidewalk objected to its presence in this semi-rural setting. Committee, unable to undo that already done, finally agreed Monday night to make the sidewalk asphalt instead of concrete—more esthetically pleasing in the Mount Lucas setting.

In other matters of Township concern, Committee announced the appointment of Mrs Martha Lamar to the Environmental Commission; presented a retirement gift to Patrolman Ohndt Carnevale Jr., who after 15 years on the force is becoming chief of security at the new Seward Johnson estate on Route 206; passed an ordinance allowing the police chief to enact emergency parking regulations in times of snow falls, storms, public events or

other circumstances; and authorized a contract to secure topographic maps for a flood control study of Harry's Brook.

**STREET REPAVING SET.** By Township Engineer Joseph G. Hodak, Township Engineer, has announced that the annual street resurfacing program will be conducted next week.

None of the streets being worked on, Mr. Hodak said, would be completely closed to traffic. At least one lane will be kept open to motor vehicles. The exact schedule is as follows:

**Monday and Tuesday:** Pretty Brook Road, 3,700 feet; and Heather Lane, 400 feet beginning at the intersection of The Great Road.

**Wednesday:** Mount Lucas Road, 915 feet from the intersection of Ross Stevenson Circle, and Snowden Lane, from Braeburn Drive to Abernathy Drive.

**Thursday:** Riverside Drive, West, from Robert Road to Prospect Avenue; and Winant

*Katy-dids*  
*And Queen Anne's Lace;*  
*But in town,*

*A parking place?*  
July has gone, but the heat that is often associated with it is very much a part of the August scene. Temperature readings in the 90s are forecast for both Wednesday and Thursday, with humidity on the upswing, too.  
Showers Friday may drop the thermometer downward briefly, but a warm weekend is in store. With the month already past the half-way mark in precipitation, no heavy rainfall is immediately in sight.

Road, south from Edgerstoune Road 640 feet.

**Friday:** Galbreath Drive, beginning 325 feet south of Rose dale Road and continuing south another 2,000 feet.

Adverse weather could alter the schedule, Mr. Hodak said.

ignating another crime — and Miller is once again their suspect.

Last Wednesday, a week after Miller (see box) had been jailed on the ring theft, he was charged with breaking, entering and larceny. Bail for this charge was set at \$2,000, and he was scheduled to appear in Borough Court August 29 — if he has been released by the County.

The new charge resulted from an investigation by Det. Timothy Huizing of a crime committed July 23.

At 9:30 a.m. that Monday, a young man came to the back door of Mrs. Carmine Toto's house at 25 Greenview Avenue. The man asked Mrs. Toto's five-year-old grandson, the only person in the house, where his mother and father were.

The boy said they were out, and returned to his television show. The man calmly walked upstairs and ransacked three bedrooms before he left the house about 10 minutes later.

The haul was about \$1,700 worth of jewelry, rings, watches, clothing and a cigar box full of quarters.

Miller was questioned about this crime when he was arrested for the LaVake theft. But more investigation was necessary before police pressed charges.

### POOL, PARK PLAGUED

By Summertime Thieves, Community Park pool and recreation area continues to be a favorite haunt of thieves this summer.

On Sunday afternoon Gary S. Judd of 141 Hun Road was playing tennis, while his wife and child were at the playground between the courts and the school building. Mr. Judd had left his wallet in a camera case on a picnic table, alongside his wife's purse.

At 2:20, when he returned to the picnic table, the purse was there, his wallet was gone. It had contained \$200 in cash.

On Saturday Thomas Gombor, 22, of 197 Mount Lucas Road, reported to Township police that \$28 had been stolen from the lifeguard's locker room at the pool. Mr. Gombor, a guard, left the money in his pants pocket while he was working. When he returned to the locker room at 8 p.m., it was gone.

### THREE GIRLS ARRESTED

Shoplifting Charged, Township Police Friday arrested two young Hopewell women, and the 14-year-old sister of one of them, and charged them with shoplifting articles from Bamberger's and Kresge's in the Princeton Shopping Center.

Arrested were Francine L. Coleman, 21, and Virginia D. Tingle, 22, both of 71 Colum-

### Diamond-Lined Sewers

The \$920 diamond ring that 19-year old John F. Miller reportedly swallowed in LaVake Jewelers ten days ago may be the first to have found its way into the city of Trenton sewer system.

After x rays showed the ring in Miller's intestines, and he was remanded to Mercer County jail to permit nature to take its course, authorities said the .80 carat jewel had disappeared—probably permanently.

LaVake's manager, Philip Porada, told police that the moment he responded to Miller's request to see a tray of rings, the Lytle Street resident had popped one in his mouth and swallowed. The Mercer County Prosecutor's office said that, ring or no ring, there was sufficient evidence against Miller to lodge a complaint. LaVake's, too, was unconcerned over eventual recovery, with the loss fully insured.

bia Avenue, Hopewell. They were released on their own recognizance and the juvenile of the same address, was released in their custody.

A security officer at Bamberger's had observed the suspects, and alerted Det. Frank Bocciafuso, who was off duty but in the area at the time. He made the arrests at 6:30 p.m. in the parking lot next to Bamberger's.

Township Police said the articles shoplifted included hair brushes, a nightgown, masks, car, panties, and bras. The articles stolen from Bamberger's were worth not more than \$35. The take from Kresge's was less than that.

### CARELESS DRIVER FINED

In Township Court, Lucille G. Dawson, 42, of Route 518, Skillman, pleaded guilty to a charge of careless driving last week in Township Court. She was fined \$10 plus \$5 costs.

### MAN INDICTED FOR RAPE

Of Princeton Woman, Joseph J. Richardson, 28, of Gordon Avenue, Lawrenceville, has been indicted by a Mercer County grand jury on charges of abduction, assault and rape.

He is accused of having forced a 20-year-old Princeton woman into her automobile as she left a cocktail lounge around midnight. She told police that he drove her to a parking lot on Phillips Avenue in Lawrenceville and raped her twice.

### BOY, 12, ARRESTED

On Arson Charge, Borough Detective Thomas Michaud arrested a 12-year-old boy Monday and charged him with setting fire to a car in the Park Place yard. The crime, police said, occurred at 9:55 the morning of July 25.

Det. Michaud's investigation included the use of a polygraph test administered on the suspect by the State Police. The 12-year-old, a Princeton Borough resident, was released in the custody of his parents.

### BURGLAR CLEANS UP

At Queenston Commons, Borough Police are seeking a burglar who made off with two trash compactors and a dishwasher from the Queenston Commons condominiums at Harrison Street and Hamilton Avenue.

The theft of the items, valued at \$460, occurred between 5:30 p.m. Friday and 3 a.m. Monday morning. They were taken from units not yet occupied.

### PEDESTRIAN JUMPED

By Two Youths, A 22-year-old Highland Park resident was walking down Prospect Avenue last Thursday night at about 10:20. His stroll was interrupted in front of the Tiger Inn when two youths, brandishing a stick and a club, jumped out in front of him, and demanded his money.

The victim was knocked to the ground, and his wallet was taken. He lost \$10 in cash, his driver's license, and several credit cards.

Patrolman Bernard Lehardt investigated, and drove throughout the area with the victim, who was uninjured, hoping to identify the assailants. Their search was futile.

### LICENSE LOST 2 YEARS

For Drunken Driving, Bill F. Williams, 45, of 126 John Street, pleaded guilty Monday night

in traffic court to a charge of driving while intoxicated. Judge Philip Carchman ordered Mr. Williams' driver's license revoked for two years and fined him \$200 plus \$10 in costs.

In other traffic court cases Judge Carchman ordered Ernest E. Campbell II, 21, of 137 Poe Road, and Lillian S. Swinger, of 102 Springcrest Drive, Hightstown, to pay fines and costs of \$15 apiece for failing to obey traffic signals.

### NEWS AIDE NAMED

For Sandman Campaign Robert H. Walters, past president of the Lawrence Township Teen-Age Republicans, has been named director of news research for the gubernatorial campaign of U. S. Rep. Charles W. Sandman.

## 'Blithe Spirit' Has Charm, Verve, Fine Acting

HELLO BLITHE SPIRIT: Walton Jones, Anne Louise Hoffman, Marcia Ellian, Mark Capri and Ann Judson stare at a ghostly apparition during the seance in Noel Coward's *Blithe Spirit*. Performed by the Princeton Theatre Co., the play will continue its run Thursday through Sunday at the Rider Fine Arts Theatre.

Last of Sheila (Garden) Parents Mag says "no" for youth and children.

"Blithe Spirit" is a triangle play in which the third party seems to be the husband's dead first wife. It doesn't sound very blithe, but it is, and also very funny. Noel Coward has always been able to get away with a lot.

The plot revolves around a disastrous seance conducted by Madame Arcati, enthusiastic bicyclist and professional medium, for the amusement of the skeptical Charles Condomine and his wife, Ruth. Somehow Madame Arcati manages to conjure up the spirit of Charles' first wife, Elvira, but she can only be seen and heard by him.

Everyone assumes that Charles is mad until Elvira starts moving furniture around the room and the battle is joined, the two women competing over their desperately backpedaling husband. Ruth, the live one, dies in an auto crash, joining Elvira on the Other Side. Again the tables turn, all teams change every switcheroo that you can imagine is probably in this play.

Under the skillful polished direction of Sallie Brophy, the Princeton Theatre Company's production rolls on with charm and verve. The artifice is acknowledged and played with, the big curtain lines the effects, the grand entrances are all there. The play is full of verbal wit and all the forms of elegance.

There are several excellent performances. Leda Cannon as the hardy, knuckle-cracking Madame Arcati was a delight. With her energy and astounding entrances, she was the center of attraction when ever she was on stage.

I thought the outstanding performance was Alice White as Ruth Condomine, who must suddenly cope with a ghost as a rival for her husband's affections. She had a convincing grace and ease as well as a fine ability to handle the language of the play, making Coward's words curl and snap like a whip.

Her adversary, Marcia Ellian as Elvira, was one of the most exquisite ghosts I've

seen. She seemed to skim about the stage, flouncing and tossing herself over furniture, always beyond reach and so clearly delighted in her ghostly powers.

Anne Louise Hoffmann as the harassed maid had the audience rooting for her all the way. Her manic earnestness and comic timing were marvelous.

The performance of Mark Capri as the husband was marred by an archness that seemed to slow the early going. There is a line between sophistication and boorishness, and I felt he stepped over and back a bit much. As he loosened up, the play did too, and in the end he gave a funny and able performance.

Walton Jones and Ann Judson gave solid performances as the family friends. The set by Lowell Achziger was space

ious and attractive and the design of both light and costume was subtle and effective.

This is a play of wit and diverting artifice, perhaps the theatrical equivalent of what's called summer reading. If there are moments towards the end where it starts to seem long it may be because the twists and turns have become predictable. But Noel Coward's got his meter down. And the Princeton Theatre Company's got Coward down good.

Should he, in fact, materialize in one of Leda Cannon's haphazard seances, he might enjoy himself. This company has marvelous performers and this is an excellent production. See it.

**COMEDIES AT NEW HOPE**  
"Owl and Pussycat" Next.  
"Mary, Mary", the comedy by  
Jean Kerr, is being presented  
at the Bucks County Play-  
house through Sunday. The  
long-running, Broadway hit,  
which played for 45 months  
and over 1,500 performances,  
concerns a contemporary cou-  
ple standing on the brink of  
divorce because of the wife's  
lethal tongue, which continual-  
ly rains insults on the man of  
the house.

Gloria Willis stars as Mary,  
and Richard Mathews is Bob,  
her beleaguered husband. Others  
in the cast are Carole  
Mallory, Jay Devlin and Wil-  
liam Parent. Performances  
are scheduled through Satur-  
day at 8:30, Sunday at 6, and  
Saturday matinee at 2.

"The Owl and The Pussycat",  
by Bill Manhoff, open  
Tuesday for two weeks. John  
Svar and Nicki Kaplan star in  
this two-character comedy  
about a self-proclaimed intel-  
lectual (The Owl) and an odd-  
ball belle (The Pussycat) who  
teach each other about life,  
love and living together.  
George Segal and Barbra  
Streisand starred in the hit  
motion picture.

On Thursday, August 9, The  
Fanfare Theatre Ensemble  
of New York will present  
"Connecticut Yankee", an ori-  
ginal musical for children based  
on the immortal Mark  
Twain story. Shows start at  
11:30 and 2.

### OFF TO SIAM

For the King and I. The  
Prevue Players have an-  
nounced their cast for The  
King and I to be presented at  
Washington Crossing Open Air  
Theatre this Friday and Sat-  
urday and next. Curtain time  
is 8:30.

The role of Anna Leonowens  
will be played alternately by  
Stephanie Valyo and Ruth  
Nickerson, and the irascible  
King by Barry Hillman.  
Anna's son, Louis, will be  
played by Todd Worley and  
Peter Carter, while William  
Valyo and Tom Todd will ap-  
pear as the heir apparent.

Barbara Winn and Linda  
Hunt will portray Tuptim, and  
Lun Tha will be played by  
James Todd. Lady Thiang,  
No. 1 Wife, will be Michelle  
Majetic and Sally Nutt, with  
Kralahome portrayed by Jer-  
ry Lynch.

Filling out the remainder of  
the cast will be Paul Marion  
as Capt. Orton, Jeff Pierson  
as Phra Alack, and Carl Pet-  
ers and Ron Kolecki alterna-  
ting as Sir Edward Ramsay.  
The youngest daughter, Ying  
Yaowlack, will be portrayed  
by Sandy Schutz and Lynn  
Chase.

The production will be di-  
rected by Robert Sine, and  
choreographed by Lynn Den-  
nis, of the Princeton Regional  
Ballet, who will also dance  
the role of "Eliza" in "The  
Uncle Thomas Ballet". Other  
Ballet Society members ap-  
pearing will be Cathy Guerin,  
Bebe Neurwith, Robin Gold-  
man, and Pam Worley.

Tickets are available from  
any member of the Prevue  
Players or at the gate on per-  
formance nights.

### 'CAINE MUTINY' SET

For Intime Festive. Sum-  
mer Intime's film festival con-  
tinues Monday night with the  
screening of "Caine Mutiny,"  
the film adaptation of Herman  
Wouk's Pulitzer Prize-win-  
ning novel. Humphrey Bogart  
and Van Johnson star.

On Tuesday, classic shorts  
of the silent era will be shown,  
featuring Buster Keaton and  
Charlie Chaplin. "Interlude,"  
starring Oskar Werner, con-  
cludes the week's schedule on  
Wednesday.

All films are shown at 7:30  
in the McCormick Art Museum

**MERRY STRATAGEM:** Boniface the innkeeper, played by Geoffrey Shloes, and his daughter, Cherry, played by Roxanna Hart, plot and laugh in a scene from "The Beaux' Stratagem" at Summer Intime. The play runs Thursday, Friday and Saturday nights at 8:30, and Sunday at 7:30 in Murray Theatre on the University campus.

## Intime's "Beaux Stratagem" Is Fresh and Ably Performed

To delight in the intrigue, artifice and vicissitudes of fortune that make up the world of Restoration comedy one must accept Henry Fielding's dictum that it is no less natural for a rogue to repent at the end of a play than at the end of his life.

A rake is only a rake till Act Five when he is promptly reformed. This is true of Farquhar's "Beaux Stratagem" as well as Fielding's "Tom Jones" and the pleasure is as durable.

"Beaux Stratagem," ably performed by Summer Intime, follows two young gentlemen, Aimwell and Archer, as they seek their fortune, preferably by marrying into it. Posing as master and servant, they come to the country inn of

the plump, bawdy Boniface a schemer in his own right.

The play moves back and forth between the raucous inn and the genteel country house of Lady Bountiful in a mad scramble for money and women.

Fresh and Surprising. In many ways this is a familiar world of English comedy: stagecoaches, inns, recruiting officers, the abandoned wench and the pure young woman. It is, however, treated with a worldly wit and sophistication that keeps it constantly fresh and surprising.

The Summer Intime production does justice to the excitement and fun of the play. Jim Shankman and Dan Haughey give solid, witty performances as Aimwell and Archer, the two rakes who are reformed, inevitably, and to their own astonishment.

Barre Hunt was excellent as Mrs. Sullen, a woman frustrated by her marriage to a boob and determined to find fresh entertainment. With a flip of a fan or an arch of an eyebrow, she was a marvel of mocking, worldly style. Geoff Shloes played the good-time, amoral Boniface with a gleam in his eye and a joy in the perversion of natural order.

## News Of The Theatres

—Continued From Page 10  
Roxanne Hart as Cherry, the tart with a heart of gold, was a constant pleasure. Peter Breger, who directed the play, did double-duty as Count Bellair, an amorous Frenchman with a way-out accent and some startling moves on the women.

Other fine performances were Dennis Michael as the servant Scrub, Susan Wolf as the innocent Dorinda, Kevin O'Neill as Foigard, the Irish priest posing as a Frenchman who gets caught with brogue on his face, and Ralph Keefer as Sir Charles, the properly bemused deus ex machina.

A Few Imperfections. The production did have its imperfections. There was a bit stumbling with lines and timing as can happen in the early part of a run. On occasion some of the actors in character roles mumbled and swallowed words as if to convey their eccentricities by lack of intelligibility. There was a bit too much mugging and the set tended to cramp and complicate the action unduly.

Despite these reservations, I felt the play never lagged or lost the audience; the multi-layered plot, the richness of the language, the comments on marriage and money, the sheer play of it were wonderful. The costumes by Marie McDonough were fine.

It takes a good amount of chutzpah to try a Restoration comedy in the context of a summer theatre. Summer Intime has managed, with its young and spirited company, to pull it off with a fine measure of grace and fun.

They are to be complimented, not just for their intention, but for their accomplishment and for bringing to us a lovely, seldom-performed classic.

"Beaux Stratagem" continues this weekend at Intime's Murray Theatre, Thursday thru Saturday at 8:30, and Sunday at 7.

## FINAL DATES LISTED

By Street Theatre. Street Theatre's last production of the summer season will be Ayn Rand's "Night of January 16th." To be given August 22 through the 26th, the performances will be in East Windsor, Princeton High School, Van Nest Park West Windsor, Riverside School and Palmer Square.

Director Rip Pellaton's cast includes Adrienne Lavine, Peter Rand, Ellen Moss, Daniel Shiffman, Kathy Barry, Peter Lopatin, Lewis Johnson, Bob Ayling, Gail Gilvarg, Cordelia Grimm, Eric Hollander, Jon Negus, Anne Hazen, Jason Douglas, Deborah Bellow and Anne Chooljian.

Ayn Rand's play is a trial drama, with the audience as the jury. At the beginning, 12 people are drawn from the audience and at the end they are called upon for a verdict.

The last workshop of the summer starts Monday. It will be the acting workshop originally scheduled at the beginning of the summer, but now under new leadership with Patti Echeveria.

## OUTDOOR CONCERT SET

Area Groups To Perform. Flight 2 and the Princeton Recreation Department, in cooperation with Princeton University, will sponsor two fresh-air free concerts at Poe Field, one this Friday, and the other on Friday, August 24.

Both will be held from 8 p.m. to 11 p.m. Area rock and country and western bands will be featured, along with several individual performers.

Among those expected to appear are the Lonesome Drifters, a well known country and western group, Trinidad, the new "soft-rock" sound in Princeton this summer, Cathy Blunt doing her own compositions, and Barry Peterson with interludes on the twelve-string guitar.

Summer Moon Concerts have been blessed with plenty of community cooperation. Included in the planning and the execution of these events are Princeton University students

# WHATEVER DESK

Use it as a drawing table. A drafting board. A work table. A dining table. Or simply as a desk. Our whateveryouwanttobe desk comes from Finland where it is sturdily constructed of natural, straight-grained polished pine with a durable gray linoleum top that makes an excellent writing surface. The 3-drawer pedestal has leather pulls, and can be used underneath the table, or as a separate unit. Table height adjusts from 24" to 32", at 2" intervals, so that it can be used by an adult as well as a child. Table, \$90. 3-drawer pedestal, \$80. Catalog, \$1

### COMEDY FILM SET

At Public Library. "Born  
Yesterday", a Broadway com-  
edy success transformed into  
a film, will be the August 14  
free feature at the Public Li-  
brary.

Two showings will be held  
at 10:30 a.m. and at 8 p.m.  
Coffee will be served before  
the morning program.

The story features Judy  
Holliday as Billie Dawn, the  
brazen blonde beauty whose  
sole aim in life is to extract  
mink coats from her rich junk  
dealer boyfriend, until he hires  
a political writer to educate  
her. The film is 90 minutes  
long. The suggested audience  
interest is from junior high  
through adult.

### PLAYHOUSE

The Day of the Jackal. If  
you liked the book, you will  
like the movie. Fred Zinne-  
mann's film version is well-  
cast, well developed and has  
his usual meticulous eye for  
riveting detail.

As readers of the best seller  
know, Jackal is the code  
name given a professional  
hired to kill French President  
Charles DeGaulle. History  
tells us DeGaulle did not die  
from an assassin's bullet, so  
the only question that really  
occupies the book and the film  
is how will he be stopped.

The acting and attention to  
detail as the Jackal tries to  
outwit entire French official-  
dom (they know he is in the  
country, they know his goal,  
but all they know is his code  
name) is masterfully done. Ed-  
ward Fox, a beaky, pale Eng-  
lishman is first rate as the  
Jackal. A scene in which he  
tests his specially made rifle  
on a melon — and we see how

**DIVERTISSEMENT FOR THE JACKAL:** Edward Fox as a  
hired assassin has a sudden affair with wealthy  
Delphine Seyrig in "Day of the Jackal," now at the  
Playhouse.

deadly he and his gun are —  
is well done.

But in the end, "Jackal" is  
a good suspense thriller that  
has everything but the one  
thing it should have: sus-  
pense. (PG)

### GARDEN

The Last of Sheila. A clever,  
slick — too slick — murder  
mystery among the Hollywood  
jet set that is finally too glit-  
tery and empty for its own  
good but is enjoyable nonethe-  
less.

If one finds he can't keep  
up with the involved plot, then  
one can enjoy the clever lines  
delivered by an interesting  
cast including Richard Ben-  
jamin, Dyan Cannon, James  
Coburn, Joan Hackett, James  
Mason and Racquel Welch.  
How's that for variety? What's  
more, scriptwriters Anthony  
Perkins and Stephen Sondheim  
have — as a sort of in-joke —  
based most of the parts on  
real-life Hollywood personali-  
ties, figuring most of us are  
all a bunch of gossips at  
heart.

James Coburn invites a

number of "friends" for a  
week's stay aboard his yacht  
on the Riviera to play some  
games about who's doing what  
to whom. Guess how long it  
stays a game?

Both the yacht and the stay  
are in honor of Coburn's dead  
wife, Sheila, who was the vic-  
tim of a hit-and-run driver a  
year earlier. Coburn then tells  
his guests, covertly, that he  
knows who was behind the  
wheel that night.

That's all the plot that any  
good Agatha Christie fan need  
know to realize it is only a  
matter of time before the  
games give way to horror.  
It's all very catching and en-  
tertaining, but in the end one  
is left with the feeling that  
this film hates everybody in  
it and everything it has to  
say. (PG)

### MONTGOMERY THEATRE

The Poseidon Adventure  
(now playing) is a cracking  
good adventure story that nev-  
er tries to be more than pure  
entertainment. A commercial

When a man asks for the best  
shirt in our store he means this:

This is the trademark for Hathaway shirts:  
the eyepatch. You'll get the best. Here are a  
few reasons why.

Hathaway is the acknowledged fashion leader  
of the shirt industry. They set the fashion pace.  
Others follow.

But beyond fashion, you get good old New  
England quality and workmanship. Handturned  
collars. Extra-long shirt tails. Buttons that  
stay sewn down. Single needle stitching for  
neater seams. Hidden collar linings that keep  
them neat without starch. Perfect matching in  
patterned shirts. No fewer than 18 quality-  
control inspections.

In these days of fads and gimmicks, we're  
proud to sell you a product like a Hathaway  
shirt. And you will never regret the little extra  
you paid to own one. Stop in to see our new-  
est collection.

### COME BLOW YOUR HORN

At New Hope Auto Show. The New Hope Automobile Show is revved up and ready for a record breaking crowd this Saturday and Sunday. To be held on the grounds of the New Hope Solebury High School on Route 202 in New Hope, Pa., the show opens to the public for the 16 consecutive year, on Saturday at 10 a.m.

Eleven class divisions will be judge on Saturday, including this year's new Milestone Club entries of selected foreign domestic and sports cars and the Vintage Antique automobiles.

The best overall winner of the latter division, covering the years 1900 to 1929, will receive the Governor's Cup, won last year by Arthur Nelson, of Perth Amboy, for his spectacular 1914 Ford.

Fourteen judging divisions are scheduled for Sunday, among them antique trucks and fire engines, antique motorcycles and the newly established vintage Fords up to 1927 and production Fords of the years 1933 to 1948. A permanent award is presented annually on Sunday to the owner of the finest Classic car.

Rolls - Royces, Too. The Roll - Royce chairman announced this week that his division will open up to accept entries up to the year 1940. It was also announced by Auto Show Chairman, Roger Conduit, that entrants for the Period Costume Competition need not also have a car entered in the show.

**SHARPENING WINTER SKILLS IN THE SUMMER:** Three Princeton bays (from left) Fred Erdman, Cleveland Lane; Steve Kennedy Herrantown Road; and John Lifland, 138 Wilson Road, have been participating in a two-week hockey program at the Taft School, Watertown, Conn. With them is Len Ceglarski, head coach at Boston College.

An entry fee of \$1 will be charged for non-drivers and costumes on range from vintage to sporty current to complement 11 years of car entries. The Hot Jazz Development Orchestra under the leadership of Jack Fine will accompany the fashion show both days.

An annual major attraction, the automotive flea market, is expanded this year to accommodate the expected expanded attendance. There will also be the important side line attractions of the famed Economy Rally and the Model Car Meet, prizes for which will be awarded according to ages.

Parking facilities and refreshments are available on the grounds along with shaded rest areas. Admission is \$1.50 per person, children 12 and under admitted free. The New Hope Auto Show is sponsored by the non-profit New Hope-Solebury Community Association, which divides profits among several community projects benefiting area youth and adults.

### MRS. SCHLUTER NAMED

As Legislative Coordinator. Nancy Schluter, Republican State Committeewoman for Mercer County, has been appointed by W. Harry Sayen, Mercer County Chairman as legislative coordinator for this fall's campaign of all the legislative districts of Mercer County.

The County presently is divided into three districts, the 13th, 14th and 8th, for the State Senate and Assembly seats.

In accepting this appointment, Mrs. Schluter stated, "As a firm believer in the intrinsic value of county lines in government, I am happy to work in this capacity. This year is the first time Mercer County has been divided into three legislative districts and this split makes for much confusion in the mind of the average voter.

It is no exaggeration to say that most voters do not know who their senator or assemblyman is even before the districts changed every two years.

"I welcome this opportunity to have all our legislative candidates campaign more as a unit. Many of a legislator's concerns, once in the State House, are county-oriented, in spite of recent court rulings against the importance of county lines.

"Therefore, it seems only logical to retain a semblance of county orientation and unity within this campaign. Senators Barry Parker and William Schluter as incumbents can give much guidance and

direction to State Senate candidate Pat Wilder."

Republican candidates in the Mercer County districts are: District 14: Incumbents William E. Schluter, Senate, and Walter Foran and Karl Weidel for Assembly; District 13: Senate, Patrick Wilder, Assembly, Russell Wilbert and Harry Dearden; District 8: Incumbent Barry Parker for Senate, incumbent Kenneth Wilkie and Clifford W. Snedeker for Assembly.

### HIKING TRIP PLANNED

Open to All Adults. Additional hikers are being sought for a three-day backpack trip to the Virginia Blue Ridge Mountains planned by the Y.M.C.A. Outing Club for the weekend of August 16 through 19. David Geisler, Club advisor, will be at the "Y" this Saturday at 11 a.m. to provide information and orientation to participants. The trip will leave Princeton Thursday evening, August 16, to drive to Harrisonburg, Virginia, and leave early next day for three days and two nights on the trail. Interested adults should call the Y.M.C.A. weekdays at 924-4825 or Mr. Geisler on weekends at 586 0761.

### BUS FARES LOWER

For Those 62 and Over. New Jersey's senior citizens who do not have Medicare cards are being urged by the Department of Transportation to register as soon as possible for the State's new half-fare bus service program which goes into effect September 10. This will permit the Department to process and return their identification cards by the starting date.

Medicare card holders may show them to bus drivers to take advantage of the fare savings until the official identification cards are required beginning December 1. Informational brochures explaining the program and containing an application form are being distributed throughout the State to virtually all banks which are serving as registration centers. Application forms also are available at all county Offices on Aging.

Senior citizens, when applying for identification cards,

must submit proof of age, proof of residency in New Jersey, and Social Security numbers.

The program will enable persons 62 years of age and older to ride at half-fare on buses and jitneys during off-peak hours on regular routes within the State. The program does not apply to interstate, school, charter, special or excursion buses.

### 16 CARS ADDED

By Penn Central. Penn Central Transportation Company has received 16 additional locomotive-propelled passenger cars to supplement its North Jersey Suburban Service fleet.

Penn Central intends to use the reconditioned equipment to supplement its high-speed express service between Trenton, Princeton Junction, Metuchen, Newark and New York. The popularity of this service has outstripped the availability of the high-speed Jersey Arrow equipment.

An entire train of reconditioned equipment is being used to replace the eight Jersey Arrow cars on the 7:40 a.m. express train between Princeton Junction, Metuchen, Newark and New York City. This train, started in September 1969, carries over 1,100 passengers each working day and makes its run to New York City in 58 minutes.

The eight high-speed cars thus released will provide additional rush-hour seating on

## Obituaries

Albert L. Kress, 79, management engineer and author, died suddenly at his home at 180 Springdale Road on August 5.

Mr. Kress was a vice president of ACF Industries, Inc., retiring in 1961. He had joined that organization in 1956. A graduate of the Harvard University Graduate School of Business, he was an authority and prolific writer in the fields of job rating and classification, time study analysis and industrial relations.

He began his career in 1910 as a construction engineer. He joined the U.S. Rubber Company in 1918 and became chief industrial engineer for the entire company.

In 1933-34, he was deputy administrator for rubber industry codes of the National Recovery Administration. As director of industrial relations for the National Electrical Manufacturers Association from 1935 to 1939, he pioneered in the establishment of the first industry-wide job classification plan. He then held a similar position with the National Metal Trades Association.

During World War II, he was assistant to the president of Republic Aviation Corporation and also served as consultant to the Beech and Boeing aircraft companies and the Aeronautical Chamber of Commerce.

After conducting a private consulting practice for some years following the war, he joined the John Wood Company, New York, as technical director in 1951.

Mr. Kress was author or co-author of many technical books, including "Foremanship Fundamentals," "The Foreman's Production Job."

He was a member and for a time vice-chairman of the Zoning Board Princeton Township, from 1968 through 1971. He also served on a voluntary basis as a management consultant to the Medical Center at Princeton.

He is survived by his wife, the former Marie Alicia Celestine Lohert. The Service was held at the First Presbyterian Church, Watkins Glen, N.Y., with interment in Glenwood Cemetery. In lieu of flowers, memorial gifts may be made to the Annual Appeal of The Medical Center at Princeton.

Mrs. Edmund Ruffin Beckwith Jr., 54, of Princeton, died August 5 in her home. The former Jean Orr of Westfield, N.J., her death was due to cancer.

She was educated at Kent Place School in Summit and at Smith College, from which she was graduated in 1940. She maintained an active interest in Smith alumnae clubs and served several times as officer and trustee.

Beginning in World War II, Mrs. Beckwith worked as a nurse's aide and volunteer in many hospitals. She was an active worker and member of the board of the Princeton Medical Center Aid Committee.

In recent years the Library of Congress program of recording books for the blind claimed much of her attention. She had personally recorded and edited the master tapes for more than three dozen books for national distribution by the Library.

She was a trustee at various times of several women's Republican Clubs. A skillful amateur musician and a frequent golfer, she was at the time of her death a director of Golf World Inc., publisher of the weekly magazine "Golf World."

She is survived by her husband, Edmund Ruffin Beckwith Jr.; two sons, Edmund R. III of Southern Pines, N.C., and David S., at home; a daughter, Jean II, a sophomore at Smith College; a

brother, William H. Orr of Westfield; and a sister, Mrs. John Bromley Moses of Scarsdale, N.Y.

Burial was private. A memorial service will be held Thursday at 3:30 in the Presbyterian Church, Westfield, where she was married in June, 1942, and where her three children were baptized. Contributions may be made to the Department of Nuclear Medicine, Princeton Medical Center.

George Cranston, 82, a former letter carrier with the Princeton Post Office, died July 28 in Fairfax, Calif. He formerly lived in Penns Neck, where he was a member of the Princeton Baptist Church.

He is survived by his wife, Nellie Cranston, a son, Howard of San Jose, Calif., two daughters, Mrs. Raymond Griggs of Livermore, Calif., and Mrs. Ruth Walker of Fresno, Calif., seven grandchildren and five great-grandchildren.

The service was held in Fairfax.

Mrs. Mary V. Edwards, 95, formerly of Carter Road, Princeton, died July 17 in her home in Fairfield, Iowa. She and her husband, the late Dwight W. Edwards, moved to Princeton in 1949 after many years of church work in China.

Born in Dixon, Ill., she was raised and educated in Chicago. In 1911, under sponsorship of the Congregational Church Board, she went to Peking to train kindergarten teachers.

In 1915 in Peking she married Mr. Edwards, a member of the Class of 1904, Princeton University, who was with the YMCA.

The couple lived in China until their retirement in 1949. In 1943 Mrs. Edwards was interned in a civilian camp in Shanghai, and was held there six months.

While in Peking, she started the Peking Exchange, a business venture in which poor women would do embroidery work that was sold for their pay. As they worked, their children were cared for in a day nursery.

Mrs. Edwards was a member of the Rosedale Chapel in Princeton.

After her husband died in October, 1967, she moved to Fairfield to live with her daughter, Mrs. R.B. Fulton, and her family.

Other survivors include eight grandchildren. She was preceded in death by two sons.

Mrs. Eleanor Yarbrow Monk, 50 Wittmer Court, died August 3 in the Philadelphia Naval Hospital following a brief illness. She was the wife of Ivan Monk, president of DeLaval Turbine, Inc., of Trenton.

A native of Lexington, Va., Mrs. Monk had attended Chatham Hall and had lived in Chatham, Va., before moving to Princeton 12 years ago. A member of the Present Day Club, the Woman's Club and the Nassau Presbyterian Church, she was also active in the Auxiliary, Princeton Medical Center.

Also surviving are a daughter, Mrs. Bradley E. Hosmer of Redding, Conn.; a son, Ivan Stanley of Grand Forks, N.D.; a sister, Mrs. J. A. Cooke of Montross, Va.; a brother, Stewart M. Yarbrow of Fort Myers, Fla.; and a grand daughter.

The service was held in the Chambers Street building of the Nassau Presbyterian Church, with burial in Princeton Cemetery under direction of the Kimble Funeral Home.

Peter Bilecki, 85, of 162 Pennington Road, Hopewell died August 3 at his home after a lengthy illness. Born in the Ukraine, he had lived in Hopewell for the past five years.

Formerly a resident of Trenton, Mr. Bilecki had been employed by the American Bridge Co. He was a member of the United Steel Workers Union and also belonged to the Ukrainian Club.

Husband of the late Barbara Bilecki, he is survived by a daughter, Mrs. Barbara Ann King, with whom he lived; four

grandchildren and two great grandchildren. The service was held at a Princeton funeral home, with burial in Riverview Cemetery.

Mrs. Kathie Van Vechten Standeven, 36, of Ceres, Calif., was among those killed in the crash of the Delta Airlines plane at Logan Airport, Boston, on July 31.

She had been visiting her mother, Mrs. Eleanor Van Vechten, in East Roxbury, Vt. Mrs. Van Vechten taught in Princeton Township schools a decade ago.

Alvin L. Anderson, Sr., 83, of Dey Road, Plainsboro, died at his home after a long illness.

Born near Freehold, Mr. Anderson operated a farm in the Plainsboro area for most of his life. He had been road supervisor for Plainsboro Township since 1956.

He was a member of the

Patriotic Sons of America, about a week. He band of William Mercere, she was the daughter of Mrs. Roy D. Welch of Princeton Lodge; the Hightstown Grange and the Plainshoro Presbyterian Church.

Widower of Ella P. Anderson, he is survived by one son, Alvin L. Jr., of Plainsboro; one daughter, Mrs. Austin A. Wright of Hightstown; one brother, Burtis S. Anderson of Cranbury, five grandsons and seven great-grandchildren.

The service was held at a Cranbury Funeral Home with the Rev. Charles Weaver, pastor of the Plainsboro Presbyterian Church officiating. Interment was in Bramer Cemetery in Cranbury.

Mrs. Katherine Welch Mercere died of cancer August 5 in the hospital in Arco, Idaho, near the ranch on which she lived. She had been ill for

a faculty member at Lawrenceville School for many years prior to her retirement. Mr. Frederici graduated from Ursinus College in 1916 and held a master's degree from Princeton University. During World War I, he served with the U.S. Army Ambulance Service.

The funeral was held at the Ewing Cemetery Chapel, with burial in New Haven, Conn. Contributions in his memory may be made to the Lawrenceville School General Fund.

A service was held in Idaho, and interment will be in Martha's Vineyard, Mass., at the convenience of the family. A memorial service will be held in Princeton at a time to be announced in September.

Wendell Frederici, 77, of 25 George Street, Lawrenceville, died August 5 in Mercer Hospital, Trenton. He had taught mathematics and English as

### Finally a Traffic Light

For years the dangerous intersection of Carter Road with Pennington-Rocky Hill Road in the heart of Mt. Rose has separated drivers into two classes: the quick and the dead. But no one bothered to put up a traffic light.

Now within three months, the county will put a signal at the site. The county was moved to act by a letter from Jonathan Thiesmeyer, Director of Corporate Education at Western Electric, located just down Carter Road from the intersection.

The signal will only be temporary, however, since Carter Road will be realigned with the construction of Route 195.

other trains in the Suburban Service fleet. Some are already being used in the 100-mph 6:49 a.m. commuter train between Trenton, Princeton Junction, Newark and New York City.

This train also has enjoyed remarkable success during the past few years. In 1967, the railroad operated it with three multiple unit cars, carrying 198 passengers each workday.

That total nearly doubled the following year with the start of service, with speeds up to 100-mph. Today, the train carries nearly 1,000 passengers daily, making the 58 mile trip, including stops between Trenton and New York City, in 55 minutes.

### PASSAGE URGED

For '73 Elections Act, James M. Ranner, Jr., 79 Deer Path, chairman of New Jersey Common Cause, the citizens' lobby, led a contingent of New Jersey residents to the Trenton office of Congressman Frank Thompson, Jr., on Monday to urge passage in the House of Representatives of a Federal Elections Act of 1973 as strong as that recently passed by the United States Senate.

Other members of group to meet with Mr. Thompson were the Hon. Arthur J. Holland, mayor of Trenton, and representatives of the New Jersey Council of Churches, and the United Auto Workers.

"Since Mr. Thompson is the second ranking Democrat on the Administration Committee of the House, which has responsibility for developing legislation on campaign financing," said Mr. Banner, "he has considerable influence over the final shape of the legislation."

We are urging that this legislation include provisions for public financing of election campaigns, for an independent enforcement commission, and for a limit on individual contributions."

#### Advice to Pool Owners

To the Editor of Town Topics: With respect to the recent tragic drowning in a pool and in light of other similar incidents with fatal endings, may I suggest that a length of garden hose kept near pools as part of emergency equipment. The victim of such an accident can have breathing access to air while measures are taken to secure his freedom.

#### 3 NEW LANES OPENED

By Turnpike. Three new northbound lanes were opened Monday as part of the New Jersey Turnpike Authority's \$125.5 million construction program to widen the toll road from six to 12 lanes between Interchanges 10 in Edison and 9 in New Brunswick.

The original northbound lanes, built in 1951, were closed and traffic switched over to a new three-lane stretch between the Raritan River and Interchange 10.

New Jersey State Police and members of the Turnpike's Traffic Engineering Department conducted a planned slowdown, without disrupting traffic, to enable the simultaneous opening of the new lanes and closing of the old ones at 2.45 p.m.

Similar changes in the flow of traffic in both directions through the East Brunswick portion of the program took place in June, with a similar changeover of southbound traffic through the Edison area set for later this month.

The next phase calls for resurfacing the older lanes north of the Raritan River and lowering by an average of nine feet the original roadway between Lawrence Brook and the Route 18 bridge in East Brunswick.

On completion of the widening this fall, motorists will be able to travel an uninterrupted 25-mile stretch of 12-lane dual dual Turnpike from East Brunswick to Newark, where the Turnpike divides into separate six-lane easterly and westerly alignments through the Hackensack Meadowslands.

#### JAPANESE VISIT HERE

With Lambert Foundation. Japanese interest in U.S. technology extends to health care facilities, said nine members of a study mission on health care facilities sponsored by the Japan Industrial Planning Association who visited here with officials of the Gerard B. Lambert Awards foundation.

Innovative and imaginative ideas successfully implemented and resulting in improved patient care or reduced health care costs were the topic of the meeting. Speakers represented organizations submitting noteworthy entries to the 1972 Lambert Awards competition, including Richard J. Bergman, Executive Vice President, Systemedics, Inc., of Princeton.

The Gerard B. Lambert Awards were initiated by Mrs. Lambert in honor of her late husband, in order to unearth improvements in the health care field and encourage their acceptance throughout the country.

## IT'S NEW To Us

**FABRIC CENTER MOVES**  
And Expands. A larger store, convenient parking, and air conditioning has persuaded the Fabric Center, formerly located on Witherspoon Street, to move to the Montgomery Shopping Center.

Eric May, manager, told us that it often takes a customer a long time to decide on slip covers or draperies and that many of them complained about frequent parking tickets. He is very pleased with the large amount of free parking so that now his customers can make more leisurely decisions.

The new store is almost twice the size of the old one, and the fabrics, notions, samples and patterns are all spaciously displayed.

The Fabric Center has a wide variety of fabrics. There are heavy cottons and blends for slipcovers and draperies; fake furs in black, red, blue or even a plaid, \$3.98 to \$5.98; wools that include textured solids and a red houndstooth, \$4.49 to \$4.98; quilted fabrics in floral designs for a bath robe or bedspread, \$1.98, and many velvets, leathers, cottons, polyesters, laces and felts.

**Dashiki Panels.** The store also has 30 to 40 different Dashiki panels. These brightly colored African-designed prints are perfect for shirts, pillows, curtains and bedspreads. Each panel is 48 by 72 inches and costs \$7.98. In the old store these were stored on rolls, but now each is beautifully displayed on its own hanger.

In addition to the many sewing fabrics and notions, the store provides a slipcover, upholstery and drapery service. Currently there are several opening specials.

A slipcover for a sofa with three cushions is \$19.95 and for a chair with one cushion the cost is \$49.95. Then if you want draperies to complete the room, the lining is free. All slipcover fabrics in stock are included in this offer and among them

**NEW HOME FOR THE FABRIC CENTER:** Eric May, manager of the Fabric Center displays a flowered acrylic print in the spacious new store, located at the Montgomery Shopping Center. The convenient parking and added display space make browsing through the store's many items much easier.

We saw Waverly prints of birds, flowers and a toile; a black and red houndstooth; a red or black ticking stripe and several bold plaids.

The store also has many sample books of other fabrics which can be ordered. However, these are not at the special price.

**Decorating Aids.** With the enlarged space, the Fabric Center is able to offer many new decorating aids. There are pillow forms, handwoven Indian cotton bedspreads in checks or stripes of many color combinations, net curtains, Kirsch drapery hardware and even three or four carpet lines.

Currently, the fabrics in stock are primarily the same as were in the old store. However, another result of the additional space will be a new line of fashion fabrics which will be carried in time for fall sewing.

To celebrate its move, the Fabric Center is having a special drawing on September 15. There will be five prizes including pinky shears, an adjustable dress form, and a zig zag portable sewing machine.

Now in the Montgomery Shopping Center at Routes 206 and 518, the store is open every day from 10 until 6, and Thursday and Friday evenings until 9.

**FURNITURE HUNTING?**  
Skillman's has Used and

New. If you are furnishing a guest room, temporary or summer home, or just plain bargain hunting, Skillman Furniture should not be overlooked.

The store opened 110 years ago as a moving company, something it still specializes in. Then in 1945 Mr. Skillman began to sell some used furniture. There are now several rooms and part of the warehouse filled with various pieces—most of it used, but some new lines are included.

Once, much of the furniture was sold to university students, but in recent years the customers have included people hunting for the right piece to re-do.

Among the used furniture we saw an open arm chair in excellent condition, upholstered in a soft green fabric, \$25; a mahogany breakfast table, \$99; an upright piano, \$89, and many chests, headboards, lamps and small tables.

**Family Business.** This is still a family business, run by Paul and James Oliver, two stepsons of the late Mr. Skillman. Mrs. Paul Oliver told us that office desks and hide-a-beds are two of the most sought after pieces.

They try to keep a supply of metal and wooden desks, \$35-\$59, but the hide-a-beds are difficult to find. We did see one, however—a small one in need of re-covering, \$119.

What happens to the bodies of space men during their rides in space? According to Patrick Young, well known science writer, all sorts of changes occur. The body craves food less, for example. It turns out that men in space eat about two thirds of what they would eat on earth. Movement is more easily accomplished and brings less fatigue because of weightlessness. A weight loss is almost inevitable for space men. After returning home, the body must again accustom itself to earth conditions which it does within a few short days.

## It's New To Us

—Continued From Page 20

Mrs. Oliver also told us that whenever possible they try to carry matching sets of chests, beds, chairs etc. Currently there are six Danish modern dining chairs with an oiled walnut finish in perfect condition, \$99. However, our favorite item was a mahogany shadow box with a mirror back, again in perfect condition, \$15.

In order to satisfy the customer who wanted inexpensive temporary pieces, but yet some thing attractive, Skillman Furniture started to carry some new lines. We saw a Danish modern sofa, \$89, and matching chair, \$35. There is a choice of red, blue or gold fabric for the reversible cushions solid on one side and striped on the other.

Then in particle board there is a set of open shelves that can serve as bookcases, music center, or a room divider, \$29 and \$35. The store also carries small dinette sets and unpainted bookcases in 6 sizes, beginning at \$18.

However, if something slightly more permanent is needed, possibly for a child's room or playroom, Skillman Furniture has an open-stock line of maple furniture by Laurel Craft. This includes chests, chairs, desks, headboards and even a mirror.

This furniture is attractive, small-scale and reasonably priced.

Located at 212 Alexander Street, Skillman Furniture is open from 8:30 until 5 Monday to Friday, and on Saturday from 8:30 until 1.

## LAWN GOING POT?

**Lawn King Can Help.** By the time August rolls around, anyone still blessed with a picture-book lawn is either paying off the devil or a weekly gardener. The grass that looked so perfect in April is usually infested with several weeds at least, or overrun with crabgrass at the worst.

Sanders Wade A. Scheiber would like to help the weekend gardener with his lawn problems. Now the exclusive representative for Lawn King, Inc., Mr. Scheiber offers a complete four-season service to residential, institutional and commercial customers. The process is guaranteed to build and maintain a thicker, greener and healthier lawn.

The key to the Lawn King Program is a mechanical combine which, in one pass over the lawn, dispenses seed, fertilizers, controls for insects, weeds and fungus; while at the same time it power aerates and drolls the turf to ensure proper acceptance and retention of the materials. All that remains for the lawnmower to do is water and cut the lawn.

"The Lawn King combine accomplishes in an hour what it would take 10 experienced men to do in an entire day," Mr. Scheiber says. "The resultant economy is obvious," he adds, "and not only that, but the precision which is engineered into the machine permits it to dispense each material evenly and in the proper amounts — thus ensuring the desired results."

Lawn King of Princeton's annual program includes four visits: fall, spring, early summer and late summer at a rate of three cents a square foot per year for a 4,000 square foot minimum. In addition to power aeration and rolling, your lawn is reseeded twice, fertilized four times, and various weed, fungus and crabgrass controls applied.

Also offered are an introductory special for \$24.95 for up to 4,000 square feet (\$5 for each additional 1,000 square feet) and a conditioning special for one cent a square foot, 4,000 square foot minimum.

A continuing research effort on the part of the parent company and Mr. Scheiber's alma mater, Rutgers University College of Agriculture and Environmental Science, ensures that the latest developments in lawn chemistry and techniques are made available, Mr. Scheiber points out.

Obviously Mr. Scheiber and Lawn King believe in their process, because their guarantee states that if your lawn suffers any damage while under the annual program, it will be repaired at no additional cost to the homeowner. Mr. Scheiber can be reached by calling 924-6375.

## News Of The Theatres

—Continued From Page 12

The plot is an old one — gather a group of characters together, subject them to some form of disaster and see how each reacts under stress. In this film, based on a book by Paul Gallico, the "disaster" is a giant tidal wave that overturns an ocean liner while the majority of passengers are celebrating New Year's Eve in the main dining room. Everybody is now upside down, and

in order to escape drowning, the survivors must work their way from the dining room to the engine room at the bottom of the ship.

Taking part in the slow trek to safety are such old pros as Shelly Winters, Stella Stevens, (a former prostitute who starts wondering whether some of her fellow passengers might not be former customers as well) Gene Hackman, Ernest Borgnine, Carol Lynley and Red Buttons.

As might be expected, there are a lot of dead extras floating around and the audience may be a bit surprised as just who goes and who stays. The fact that it is pure chance as much as anything else that carries the survivors along makes for excellent suspense. Sure-fire, edge-of-your-seat entertainment. (PG)

**Jesus Christ Superstar.** A hip, contemporary rock opera that brings the reverent, Biblical Jesus Christ down from the stained glass windows.

Fundamentalists may be jarred at seeing crowds wearing long hair, blue jeans and T shirts, but the film has been embraced by the young people as one that speaks in their idiom. The rock opera itself is a mixture of musical styles, pop culture and religion.

Tom Neeley, who had played Jesus in Broadway and Los Angeles stage productions, stars in the title role. Carl Anderson is Judas; Yvonne Elliman, Mary Magdalene; and Barry Dennen, Pontius Pilate.

### Crafts Festival Planned

This Friday through Monday, craftsmen from all over the country will converge on an eight-acre field in Flemington at the Route 202 traffic circle to demonstrate, exhibit and sell their crafts. From 100 to 200 craftsmen are expected to participate.

Known as the Rainbow Mountain Crafts Festival, the affair will also feature folk, bluegrass and country/western music, as well as a hot air balloon exhibition and ascension from the festival site by the Chalet Club of New York City on Sunday.

#### MAN FINED \$110

**For Shoplifting.** William Brown of Trenton was fined \$110 last week in Borough criminal court for shoplifting at Clayton's.

In two other cases, Albert Leftwich, Lewisville Road, Lawrence Township was placed on probation for one year after he pleaded guilty to possession of under 25 grams of marijuana, and Tony McDuffy, no known address, was fined \$15 for trespassing at 184 Witherspoon St.

#### FORM WATCHDOG GROUP

**For Environmental Issues.** A new "watchdog" group, New Jersey Environmental Voters Alliance (EVA) has been formed here to keep an eye on two legislators vote on environmental measures.

The group, governed by an eight member Board of Directors drawn from all sections of the state, has already issued a detailed questionnaire on environmental issues to all candidates in the pending November election. It is also compiling detailed ratings on past voting records on environmental matters and plans to make these ratings available to the press and public.

The Environmental Voters Alliance will operate in some what the same fashion as does the League of Conservation Voters on the national scene, although it is only informally allied with this group.

In its correspondence to legislators and candidates EVA notes that it will "support those legislators who are working hardest to protect the environment." It warns that it will publicize the voting records and attitudes of candidates in regard to environmental issues and that it will support candidates with endorsements, funds and voluntary manpower.

Its 48-question-long survey covers the candidates views of a wide range of environmental issues. EVA is headquartered at 360 Nassau Street, and can be reached by phoning 924 3141.

#### MATERIAL ON DISPLAY

**For University Work.** Examples of the source material and work involved in the preparation of one of Princeton University's major scholarly contributions to the observance of the Bicentennial of the American Revolution — a "Biographical Dictionary of Princetonians, 1746-1776" — are currently on display in the lobby of Harvey S. Firestone Library here.

Edited by Dr. James McLachlan, of the Shelby Cullom Davis Center for Historical Studies at Princeton, with the assistance of Mrs. Constance Escher, the volume will contain full accounts of the approximately 645 graduates and non graduates, famous and obscure, who attended the College of New Jersey (as Princeton was known from 1746 to 1896) between 1746 and 1776.

Biographical dictionaries for Yale and Harvard already exist, and are major reference works for early American social, educational, cultural, religious, and political history.

McLachlan points out. Complemented by 10 photographs of early Princetonians, the display includes Rev. Aaron Burr Sr.'s account book (the single most complete source of student names and course material for the Colonial period); a broadside catalogue of graduates; a room rent list of the 1770s; an early record of Clisophic Society members; and examples of two early, but unpublished, attempts at a biographic dictionary for the college.

The display will continue through early September.

#### MRS. MARTINDELL BACKED

**By Ann Klein.** Ann Klein, Assemblywoman from Morris County, has announced her support for Anne Martindell, candidate for State Senate in New Jersey's 14th District, which consists of suburban Mercer County, Hunterdon, with the exception of Read-

ington Township, Western Morris County and Cranbury and Plainsboro in Middlesex County.

Mrs. Klein said, "Anne Martindell is a woman who has for years been active in most of the good causes in which I believe. She has energy, imagination and experience in the areas that count most for a State Legislator. Her years of work in the fields of health and education have given her valuable background for the legislative work ahead."

"I have discussed the issues with Anne," Mrs. Klein added, "and find we are in close agreement on most of them, particularly the issues that affect women."

#### PRE-SCHOOL PLANNED

**At Church of Christ.** A learning center for three and four-year old children will be opened in September at the Princeton Church of Christ,

Route 27 and River Road. Enrollment at the school, which will run weekday mornings from 9 to 11:30, will be limited to 20 children.

Erny Boothe, pastor of the church, said that plans for the school grew out of the church's interest in education and "in children who need some pre-school support or acclimation to school conditions."

Religious instruction is not currently planned for the state-accredited school, Mr. Boothe said, "although the parents may decide that some small portion would be desirable."

Registration for the program is underway. Yearly tuition is \$400, with adjustments possible for children participating two or three days each week.

**WITHERSPOON HALL BEING RENOVATED:** On the outside it looks much the same as it always has, but inside Witherspoon Hall, almost a century old, is getting new stairwells, bathrooms, a sprinkler system, and the interior generally refurbished. Work is expected to be completed in time for occupancy in September, 1974.

### 1974 REOPENING SET

For Renovated Witherspoon Hall. Witherspoon Hall, a Princeton University campus landmark for almost a century, will reopen for full use by students in the fall of 1974 when major renovation work now underway is completed.

At a cost of some \$900,000 two stairwells are being rebuilt with a connecting hallway on each floor, thus providing two state-mandated means of egress from all rooms and suites; a sprinkler system is to be installed, additional bathroom facilities built, and the interior generally refurbished.

The top three floors of the 96-year-old structure were vacated three years ago as a fire precaution, restricting occupancy to the two lowest floors, after an original \$1.5 to \$1.8 million renovation plan was dropped as too expensive. In the intervening time there had been considerable student pressure to retain the old dorm.

The Witherspoon project, however, is only one of more than a score of summer building alteration jobs now underway here. In addition, work is also progressing, on schedule, at the site of the new Spelman Halls complex near the Princeton railroad station, a \$3.4 million dormitory group which is slated for occupancy this September.

**New Stairways.** Jon D. Hlafter, Director of the Office of Physical Planning, explained that two narrow stairways in Witherspoon are being removed and two others reconstructed of steel with fireproof treads to meet current state building code specifications.

Hallways will be built to connect all rooms in the building with both stairwells. Many former suites are to be redesigned as single and double rooms; carpeting will be installed; bathrooms constructed at the site of the two removed stairwells; a kitchen-lounge facility added; and a sprinkler system installed. The work will be done this summer and next allowing the building to be fully occupied again in the fall of 1974.

Nothing will be done to the first two floors to effect occupancy this coming year, Mr. Hlafter said, but these levels also will be modernized next summer. The plans were developed by the Princeton architectural firm, Uniplan, which has worked in cooperation with Hlafter's office.

The most visible ongoing campus construction project, Spelman Halls, is now 90 percent complete. The eight-building precast concrete complex will provide apartment living for 220 men and women. Designed by I. M. Pei and Partners, the dormitories are named in honor of Laura Spelman Rockefeller, grandmother of Laurence S. Rockefeller '32,

whose gift of \$4 million made it possible for Princeton to launch its coeducational program in 1969.

Other dormitory alterations are in progress, all with a September 1973 completion date.

These include renovation projects to Dodge-Osborn, Gauss, and 1938 Halls which are designed to increase the amount of usable bedroom space in these dormitories. Moreover, construction of additional undergraduate kitchen lounges is underway in Dodge-Osborn, Lourie-Love, Blair, Laughlin, and 1903 Halls.

**Ion Kitchen Modernized.** The central kitchen at the Princeton Inn is being modernized, which together with repiping and rewiring in parts of the sprawling building will cost some \$200,000. New radiators are being installed in previously unheated bedrooms at Little, Lockhart, and Walker dorms and at the Graduate College.

In academic buildings, the largest effort is the first phase of a \$3 million modernization program at Frick Laboratory on Washington Road, funded in part by a \$1.5 million grant from the Kresge Foundation. At present, the laboratory's ventilation systems are undergoing improvement at a cost of some \$1 million. Future work there will include classroom, library, and office improvements and renovation of the 318-seat auditorium. The renovated auditorium will be named Kresge Auditorium in commemoration of Sebastian S. Kresge, the Foundation's founder.

A second major academic building renovation is taking place at the Engineering Quadrangle, where the Aerospace and Mechanical Sciences research facilities are being relocated from the James Forrestal Campus. The University's Plasma Physics program has acquired much of the abandoned space at the Forrestal site.

In addition to these major alteration projects, a number of offices are being remodeled to accommodate recent staff additions. Nassau Hall, West College, New South, McCormick Hall, McCosh Hall, Green Hall, Palmer Hall, and Jadwin Gymnasium are among the facilities affected. Mr. Hlafter also points out that "a great deal of work is currently on the boards with the start of construction expected later this year." Major refurbishing of the Cannon Club to house the Office of Population Research (now at 5 Ivy Lane and 70 Washington Rd.) laboratory alterations to the third floor of Guyot Hall, and an addition to the Third World Center at the corner of Prospect and Olden Avenues are in this category.

### BUS POLICY UPHELD

By W. Windsor Board. The West Windsor-Plainsboro Regional School Board, at its regular monthly meeting held Wednesday evening at the Maurice Hawk School, reaffirmed its recently adopted transportation policy by a vote of 6-2.

Under the new policy, which was adopted by the Board in June, students in kindergarten and first grade will walk no more than 1.7 miles. Students in grades two through four will walk no more than 1.7 miles. Students in grades five through eight will walk no more than two miles and high school students no more than 2.5 miles.

Prior to the vote, the Board received a petition from the "Concerned Taxpayers for Walking School Children" containing approximately 500 signatures. The group opposes the 1.7 mile limit for pupils in grades two, three and four and urged the Board to revise its current policy regarding these students. The parents feel these students should not walk more than one mile to school.

Among the points raised by the group during the hour and one half discussion of the transportation item was that a 1.7 mile walk would take at least 40 minutes and children would not arrive home until dusk during the winter. The parents also felt that the walk would tire the children and that they would not perform well in school.

**1-Mile Limit Favored.** The parents also presented the Board with the results of a questionnaire that they had asked township residents to complete. The results indicated that in a random sampling of township voters, 95 percent of the people questioned felt that one mile was a sufficient limit for those students in question to walk.

The citizens group also informed the Board that the policy, if not changed, would lead to an increase in traffic congestion around the Maurice Hawk School caused by additional parents driving their children to and from school.

The Board directed the administration to review the traffic congestion of all schools and to make recommendations for rectifying the situation before the end of the calendar year.

Dr. Hadden reported that the principal of the district's school have already been directed to investigate the traffic conditions at their schools and to make suggestions to him that would relieve the situation.

**Health Waivers.** He also informed the parents that if they had a concern for the health

## People In The News

—Continued From Page 24

Francis P. Fabey, 33 Fieldston Road, West Windsor Township, District Operations Manager for American Telephone and Telegraph is one of 19 executives from 16 companies that have recently completed a six-week program in American Studies at Williams College.

The program, now in its 18th year, consists of several courses related to a common core — the American experience. The intensive courses cover American economic life, political development, foreign policy, philosophy, religion,

art, literature, music, and also explore variables determining human behavior.

Staaley Leinwoll, 22 Sterling Road, is the author of a book on "Plasticrafts," to be published by Simon and Schuster later this month.

It is the first book of step-by-step instructions for fashioning Plexiglas, Lucite and Acrylics into good looking and useful home furnishings and gifts.

All the basic techniques of working with plastic are covered, and all the projects that follow, from a cutting board to a dining room table, are within the range of the amateur craftsman. And Mr. Leinwoll takes pains to give careful and complete instructions and diagrams to insure the best results.

Employed as deputy director for engineering by Radio Free Europe, Mr. Leinwoll has worked extensively with acrylic plastics, both as a hobbyist and as President of Plexicraft Products, which currently sells plastic furniture kits by mail.

He has written several other books, the most recent on "Candles and Candlecrafting."

Susan Hartley, Province Line Road, has received a bachelor of arts degree in English from Oakland University, Rochester, Mich.

Brion Midland, son of Mr. and Mrs. Bernt Midland, 1 Rumford Way, Princeton Junction, is presently attending a Lions Club International Youth Camp in Bonn, Germany. He will enter his senior year at Princeton High School this fall.

The trip was sponsored by the West Windsor Lions Club. The youth camp will last for three weeks, the third week will be a bus trip through Germany including visits to historic, scenic and industrial places and a boat ride on the Rhine.

After the youth camp, Brion will be an exchange guest of a Lions family in Duren, Germany for two weeks.

Five Princeton area residents are among 58 French-speaking American students from 17 colleges and universities who have spread out from Paris for a 10-week summer work program in a broad spectrum of French business enterprises.

They are: Susan M. Anderson, Bayberry Road, Hopewell Township, Douglass College, working in a Paris bank; Daniel C. Cohn, 151 McCosh Circle, Yale University, employed by an import-export company in Paris; Ruth Goldfarb, 69 Balsam Lane, Douglass College, assigned to a Paris specialty store; Louise Hutoer, 28 Hibben Road, Princeton University, a book shop and publisher in Paris; and Christine Kent, 430 Terhune Road, Princeton University, a specialty store in Paris.

Designed to give young men and women opportunities for close acquaintance with the life of France, and to gain insights into the cultural, economic, and political activities of France, the Princeton-based summer work program is now in its 19th year. It is directed by Dr. Blanchard W. Bates, Professor of Romance Languages and Director of the European Civilization Program, Princeton University.

Participants immediately began their employment with banks, hospitals, publishers, factories, camps, book shops, a rehabilitation center, department stores, and supermarkets.

Gail Zacharias, 41 Henry Avenue, is among 45 high ability, secondary school students from 11 states attending a mathematics training program at the Rutgers University Summer Session.

The program, supported by the National Science Foundation is designed to provide participants with stimulation through working with college mathematicians and talented high school students from various parts of the country and to hasten their understanding of mathematics and their scholarly development.

Kitty Ager, Lisa, Laurie and Libby Vao Cleve (ages 6-9) held a fair at the Van Cleve residence on Carson Road, on August 4 from one to four o'clock for the benefit of the Times-Kiwanis Camp Fund.

The fair raised \$18.32 and the children have already started to plan for a bigger and better fair for next year.

## Topics Of The Town

—Continued From Page 23

of their child, as a result of walking to school, a policy exists that provides transportation for health reasons. He added that cases such as this are settled on an individual basis and require a note from the child's doctor.

Dr. William Watt, Chairman of the Transportation Policy Task Force which recommended the new policy, said that \$10,000 had been eliminated from the transportation budget as a result of the \$60,000 budget cut.

He also informed the parents that the C.T.W.S.C.'s one mile proposal was one of five plans considered by the Task Force. He said this plan was rejected because it would have increased transportation costs rather than reduce them.

Dr. Watt also said that his committee would propose a plan which would be used by the Board to evaluate the new transportation policy during the coming school year.

In instructional matters, the Board approved the appointment of six high school and two elementary school teachers. It also accepted the resignations of Thomas Dux, Miss Harriet Silverstein, and Mrs. Barbara Doak.

**Contract Talks Stalled.** Robert Duncan, Chairman of the Negotiations Task Force, reported on the status of negotiations with the West Windsor-Plainsboro Education Association. He expressed the committee's disappointment in reporting that no progress is being made in these negotiations.

Mr. Duncan said the W.W.P.E.A. terminated negotiations after only two hours of the first session. It was the W.W.P.E.A. which had twice unilaterally requested P.E.R.C. appoint such a mediator.

Subsequently, P.E.R.C. has appointed a fact-finder, but because of scheduling difficulties, fact-finding sessions appear unlikely before late August.

Mr. Duncan said the fact-finder will ultimately issue a written report containing non-binding recommendations for a contract settlement.

**Student Insurance.** In other matters, the Board voted to make available to the students, at parent option, a student accident insurance program. This program makes a group insurance premium available at a relatively low rate.

Parents will be given the option to select either school-time coverage for all school sponsored activities before, during and after school hours or 24-hour coverage.

Since the district is opening its first high school in September and initiating a program of interscholastic sports, the Board also voted to provide cost-free insurance for all students who participate in the various interscholastic sports.

In order that the district not purchase duplicate insurance coverage for participating students, the Board approved providing excess sports accident coverage. In instances where a student does not have other appropriate accident insurance, such coverage would become primary coverage.

The costs of this program will be based upon the appropriate freshman rate schedules.

**Progress on High School.** The Board received a report from Mr. Walter, regarding the progress of construction of the high school during the past month. He informed the Board that the contractor had completed 80 per cent of the sub-base for the access roadways, parking areas and tennis courts. He also reported that the administrative staff planned to move into the fa-

cility during the early part of next week.

In other construction matters, the Board approved the bid of Aetna Supply Co., in the sum of \$12,735, for the restoration of the roof of the

Dutch Neck School. This action was based upon the recommendation of Frank Miller, architect for the renovations to the Dutch Neck School, and is scheduled to be completed before the opening of school in September.

In the area of finance, the Board approved the recommendation of W. Mark Horvath, Board Secretary, for the investment of funds at the First National Bank of Princeton at an interest rate of nine and five-eighths per cent.

# ...because no two homes are alike.

A generation or so ago phone service meant *simply having a phone*. It was black and had a rotary dial.

But times have changed. Today, convenient phone service means having the right phone, in the right place. That's why we have different phones—all kinds—so you can choose the ones that are just right for you, as well as your home and family lifestyle.

Look around your home. Do you have phones where you need them most—where you live, work or simply spend a lot of your time?

Consider the phones shown here in relation to your home. If you think some changes are in order or want some advice, get in touch with your Service Representative. A call to your local Telephone Business Office will do the trick.

1. Our basic dial phone comes in wall and desk models — In decorator colors at no extra charge.
2. Modern Touch-Tone® service makes calling twice as fast, twice as easy. Available at a special bargain price if you need three or more.
3. The sculptured Trimline® phone puts everything right in the palm of your hand. Since you don't need the base to make a call and because it comes with a longer cord, you can tuck it in an out-of-the-way place.
4. Our stylish, practical Princess® phone. Soft 'night light' dial and compact size make it ideal for the bedroom.
5. The speakerphone lets you carry on a conversation 'hands-free.' Amplifies both sides of the conversation.
6. Card Dialer. It's a telephone... it's a memory bank. Frequently called numbers are recorded on plastic punch cards. To make a call, put the card in the slot and press a button.
7. Wall phones in various sizes, shapes and colors. Including our designer panel phone for the architectural built-in look.
8. If you have difficulty using the telephone, we have special equipment to make calling easier and more enjoyable. Including this phone — It helps you hear better.

## SPORTS FANS!

**I  
BET  
YOU  
DIDN'T  
KNOW**

Brought to you  
By John Bernard

Here's a true story about what happened one day to the great golfer Bobby Jones—and, this is a story that illustrates the real meaning of the word "sportsmanship". Jones was playing in the National Open of 1925 at Worcester. His ball went into the rough, and then accidentally moved very slightly when Jones's club touched a nearby blade of grass. Reporters later said that NOBODY saw the ball move. Jones, however, asked that he be penalized a stroke. Everyone tried to talk him out of taking the penalty because no one saw the ball move. But Jones insisted and as it turned out, that stroke cost him the title that year. Someone later asked Jones why he'd done it. He said, "That's the only way to play the game." Is there a better definition of sportsmanship than that!

What was the longest fight on record! Most boxing records show that the longest glove fight ever was between Andy Bowen and Jack Burke in New Orleans in 1893. Their bout lasted 110 rounds, or 7 hours and 19 minutes! It ended at a draw when neither man could continue.

I bet you didn't know that you need a special insurance card if you are going to Quebec, Canada this summer. This includes the Maritime provinces of Nova Scotia, New Brunswick, Acadia, and Prince Edward Islands.

## Tiger Quintet to Play 24 Games And Partake in Garden Festival

A 24-game regular season schedule, plus an appearance in the ECAC Holiday Festival at Madison Square Garden, is in store for the Princeton University basketball team this winter.

The feature of the Tigers' season will be the annual home and home series with seven Ivy League opponents, highlighted by the two games with Pennsylvania. Between them, Princeton and Penn have won 11 of the last 13 Ivy titles.

In addition to the Ivy schedule, Princeton faces road contests at Fordham, Navy, Davidson and Penn State. The Tigers will open their season in an exhibition game against "Athletes In Action," a team affiliated with the Fellowship of Christian Athletes, on November 24. They will also host Villanova, Rutgers and Duke.

Princeton will play in the Jayhawk Classic at Lawrence, Kansas on Dec. 14-15 against host Kansas Univer-

sity, Washington State and Oregon.

Two weeks later, Coach Pete Carril's team will join Duquesne, Illinois, LaSalle, Manhattan, St. John's, St. Louis and Stanford in the ECAC competition, where the Tigers could play as many as three games.

Princeton was 16-9 last season, and finished second in the Ivy League.

The schedule: Dec. 1, at Fordham; 5, at Navy; 8, Villanova; 11, Rutgers; 14-15, Jayhawk Classic (Kansas, Oregon, Washington St.); 18, at Davidson; 26-29, ECAC Holiday Festival (Duquesne, Illinois, LaSalle, Manhattan, St. John's, St. Louis, Stanford). Jan. 5, Pennsylvania; 11, Harvard; 12, Dartmouth; 14, at Penn State; 26, Duke; 29, at Penn; Feb. 1, Columbia; 2, Cornell; 8, at Brown; 9, at Yale; 15, at Dartmouth; 16, at Harvard; 22, Yale; 23, Brown; March 1, at Cornell; 2, at Columbia.

ries of spectacular fielding plays.

If Life wins the completion of that game, it will have clinched the title. If PBA wins, there will be a make-up of a postponed game between the two teams.

### SHOWDOWN NEAR

In Babe Ruth League. The Princeton Babe Ruth Baseball League comes into the final week of its season with New York Life holding a one-game lead over PBA. New York Life stands at 8 wins and two losses, while PBA has won 7 and lost 3.

Thorne's Pharmacy has completed its season with a 6 and 5 record, while Princeton Bank and Trust remained winless against 11 losses.

In games during the past week, Joe Herrmann pitched a no-hitter for PBA against the bank team, in a 14-0 win. Robert Rosner, the Bank's last batter, came close to getting a base hit, which would have been his first of the season.

His drive to right field fell barely foul, however, and he struck out on the next pitch, giving Herrmann the only no-hitter of the League season.

In an earlier game Jim LaPlaca pitched a one-hitter for Thorne's against the Bank, in a 10-0 win. Seth Sanders got the Bank's only hit in the sixth inning.

The Bank's last game of the season, against New York Life, was also its best. It lost to the Life team by 5-3, with Ken Bartolino pitching well for the losers. Greg Robinson won the game.

New York Life also defeated Thorne's, 7-1, with Mike Boonin hurling the win.

The only games remaining on the schedule are between the two top teams. They have to play off a 3-3 eight inning tie, which saw Bob McHugh and Boonin locked in a tight pitcher's duel, aided by a se-

## Gates to Oppose Shillaber in Springdale Final

Moore Gates, Jr., the defending champion, and Bob Shillaber will play 36 holes Saturday to determine the winner of the 1973 championship at Springdale Golf Club.

Shillaber, who has reached the final round for the first time, has won two of his matches in extra holes. Gates will seek to become the first player to defend his title successfully since Art Schwartz won back to back championships in 1966 and '67.

Finals will also be played in three other flights. Bill Millman and Karl Pettit, Jr. will meet for the winner's spot in the first flight.

Ben Herrman will play Bob Olson in the second flight and Don Conner faces Jimmy McCarthy in the third flight. These matches will be 18 holes.

Close Matches. After going to the 20th green to defeat Chris Aldridge in his opening

match, Shillaber ousted Gil Spencer Saturday on the first extra hole. On Sunday, he birdied the par 4, 332-yard 16th to defeat Bill Quackenbush, 3 and 2.

Gates won his quarter-final match 1 up on the last hole from Bill Paine, a former club champion, and then eliminated Jack Mudge on Sunday, 3 and 1. Mudge went out in 36 and held a 2 up lead over Gates at the turn, but the latter won five of the last seven holes when he played the back nine in even par. Gates' 18 hole total was 74, three over regulation figures.

In other Saturday matches, Quackenbush defeated Jim Litvak, 3 and 2, and Mudge won from Kester Pierson, 5 and 4. Pierson, like Paine and Gates, is a former club champion.

In the first flight, Pettit won a pair of 3 and 2 victories from Lloyd Ferguson and Don Ehret after Ehret had eliminated Asa Farr. Millman went

an extra hole on each day, winning first from Roland Smith and then from George Barrie. Barrie's Saturday victim was Jack Petrone.

Both finalists in the second flight advanced Sunday by default, Herrman over Kline Fulmer and Olson over Pete Cahill. Fulmer won two matches during the week before dropping out of play, defeating Phil Shays, 4 and 3, and Paul Erler, 9 and 7. Herrman won Saturday from George Kellner, 4 and 3, while Olson was defeating Bill Pearce, 5 and 4, and Cahill was a 1 up victor over Dean Chace.

Don Conner reached the finals of the third flight by toping Andy Cahill, 6 and 5, and Bert Edmunds, 2 and 1, after Edmunds had eliminated Nelson Case, 3 and 1. McCarthy went 19 holes Sunday to edge Bill Wilson, winning his Saturday match over Norm Lewis, 3 and 2. Wilson won Saturday from Arthur Gardner by default.

tournaments in the area.

Showing great promise throughout the summer tennis season, Andre demonstrated his strength by topping three higher seeded opponents enroute to the championship title.

He easily defeated his first three opponents, losing only a total of three games. Reaching the quarter finals, he upset the No. 4 seed Robbin Golin, 6-1, 6-2. In the semi finals, he then proceeded to eliminate the No. 5 seed Scott Nichol 6-3, 6-2. Andre's final round opponent was the No. 1 seed Richard Marks, ranked No. 15 in the Middle States last year. Going three sets in the final match, Eichenberger took the first set 7-5, but then dropped the second set, 1-6. He rallied and overwhelmed Marks in the third and final set 6-0 to earn the title and trophy. This week he will travel to Trenton for the Trenton Junior Tennis Championships.

Another Princetonian also fared well at the Lehigh competitions. Jim Parmele playing in the 12's and under event, moved into the quarter finals where he was defeated by the No. 4 seed.

## PRINCETON WINS 35-6

In Final Exchange Match. The final exchange match of the Princeton Community Tennis Program's summer session ended on a high note, as an exuberant group of Princeton youngsters returned to town after trouncing the Spring Lake Rath and Tennis Club, 35 to 6.

Forty one juniors representing 22 boys and 19 girls from the Community Tennis Program participated in this final exchange match.

Of the 35 victories, 28 of the matches were won by a notable score between 8-0 and 8-4. Even the losses were close-contended games. Princeton juniors traveling to Spring Lake under the supervision of Joe Diefenbach and his assistants were: Charles Wightman, Randy Thomas, David Loy, Alex Davidson, Chris Miller, Jeff Lyle, Jon Star, Dan Aronovic, Mike Rose, Ed Caras, Rich Moseley, Jeff Kingsley, Nick Heller, Steve Ebersole, John Silverman, Andrew Hildick-Smith, Hugo Walter and Alan Aronovic.

Also, Simeon Hutner, Randy Symington, Larry Gambin, Jim Hernandez, Randy Gullick, Andrea Murphy, Kathy Barry, Ann Williams, Stacy Drummond, Andrea Newman, Wendy Peterson, Ann Magee, Sara Mead, Jane Arrington, Karen Clark, Linda Bassett, Vera Jessor, Carrie Balcomb, Kim Peterson, Kate Campbell, Leslie Kraus, Debbie Harris, Beth Oglesby.

**ALL-STARS FINISH WELL**  
In Trenton PAL Baseball. The Princeton Youth Baseball Association team entered in the Trenton Police Athletic League Tournament compiled a 5-2 record before it was eliminated Sunday. The original field of 26 teams had been cut to four before the Princetonians were beaten for the second time in the double-elimination event.

South Trenton and the Trenton All Stars were the oppo-

nents to which the Princeton PYBA nine lost. In between, it won five straight, Keith Phox pitching three of the victories and Carl Nazzaro the other two.

Home runs during the action were hit by Mario Mangone, Al Kandell and Nazzaro, while John Rosenthal's average for the seven games topped .400. Other players on the squad included David Fitzgerald, David Sally, Mike Nosal, Mark Adams, Woody Clark, Joe Lapsley, Rick Johnson, Chris McDonald, Evan Press and Steve Sally. Craig Wood was the coach, assisted by Jim Kowalski and John O'Neill.

### WINNERS LISTED

In Women's Golf. The annual Jim Hultgren Tournament at Springdale Golf Club sponsored by the club pro, was won last week by Dorothy Schoch with a net 71.

Jan Middlebrook was second with 73 and Trudy Beyer and Jane Shillaber tied for third with 74s. The 9-hole group was led by Pat Heeg with 31; Alana Schwartz was second with 38.

Earlier, a 3-point Nassau match between a Springdale team of 12 women and a comparable team from Bedens Brooks was held at the Bedens Brook course. Springdale won the event, 23-13.

The weekly Pinehurst-Scotch Foursome — the better ball of twosomes was won by Kate Conover and Claire Massick with a score of 69. Mary Rogers and Jean Mather were second with 71 1-2, while Jane Bonthron and Josie Hall finished third with 72 1-2.

### BERG'S PAPERS ON VIEW

Athlete's Memorabilia on Display. Some 200 manuscript items, books, photographs, correspondence and other personal belongings reflecting the life of Moe Berg are on display through August at the New York Public Library.

A member of the Princeton Class of 1923, Moe Berg was an outstanding shortstop here, playing on a number of stand-out Tiger teams in an era when upwards of 2,000 fans attended Saturday baseball games at University Field. He later became a catcher in the major leagues, retiring in 1939 after a career with the Chicago White Sox, the Washington Senators, the Cleveland Indians and the Boston Red Sox.

"Moe was undoubtedly the most scholarly professional

athlete I ever knew," said John Kieran, himself an unusually erudite sports columnist for the New York Times. After graduating from Princeton, Berg studied at the Sorbonne and then at Columbia Law School. A gifted linguist, he was known as "the only man who can talk back to the umpire in eight languages."

Moe was fluent in French, Italian, Spanish, Russian, Hebrew and Japanese, as well as in Latin and Greek. His method of translating Japanese achieved wide acceptance.

With his close friends, Ted Lyons and Lefty O'Doul, he carried the gospel of baseball to Japan in 1932, convinced

that this was a way to eradicate prejudice and promote international understanding. He returned to Japan in 1934, continuing to coach Japanese college baseball teams. A handsomely engraved cigarette case from the students at Meiji University, Japan is on display as an example of the kind of admiration accorded him.

Photographs and sports articles written by Moe Berg add depth to this description of his career. Known in Central and South America because of exhibition games there, he was sent by the United States government to South America in 1942 to make certain recommendations about American military bases. One exhibit

item is a citation from Governor Nelson Rockefeller for this work.

On his retirement from baseball in 1939, Moe Berg went to work for the United States Intelligence Service and ultimately for the Office of Strategic Services (OSS). One photo related to his OSS activities shows Moe incognito as a businessman in sunny Italy; another depicts Moe in a ski suit in Switzerland — a spy very much out in the cold. Two books on display refer to his undercover activities during World War II.

The Moe Berg Papers are a gift to the Library's Manuscripts and Archives Division from his sister, Ethel Berg. They will remain on exhibit free of charge in the second floor north corridor of the Central Building, Fifth Avenue & 42nd Street, through August.

### FIRST TWO GAMES WON

By 10-Year Old PYBA Nine. Princeton's baseball team of ten-year olds from the PYBA won its first two games in a tournament being played in Hamilton Township, coming from behind on each occasion.

Down 9-8, after four innings against Bristol in the first contest, the Princeton entry prevailed as pitcher Brent Robinson improved with each round and key hits were delivered by Billy Perna, Chip Kleiber, Aaron Gross and John Cifelli. The victors came up with five runs to make it a 13-9 final, Robinson striking out the side in the sixth.

Browns Mills held a 6-3 lead going into the last of the sixth in the second game but again the Princetonians had it in the stretch. John Kandell and Paul Sally singled, Glen Clark walked and Billy Perna drove in one run. Winning pitcher Chip Kleiber singled in another and John Cifelli tripled to

### PROFIT REPLACES LOSS

At Applied Logic. For the nine months of fiscal 1973, ended June 30, Applied Logic Corporation has reported consolidated net earnings of \$112,349 or 5 cents a share on revenues of \$2,537,880.

This represents an increase in revenues of 28 per cent over the corresponding period of the previous year when a loss of \$346,310 or 19 cents a share was incurred.

In its third 1973 fiscal quarter, the Company set a new quarterly revenue record of \$866,117. This is an improvement of 13 per cent over the third quarter of fiscal 1972 despite a decline of some 25 per cent in revenues from government agencies which deferred several projects for lack of funds. Commercial sources of revenues experienced growth rates in aggregate of 43 per cent.

Although it is difficult to predict if and when deferred government projects will be reactivated, the Company remains optimistic in its expectations concerning revenues from the other business sectors.

Richard L. Gallaudet  
TREASURER NAMED

By Heritage Finance Co. Richard L. Gallaudet, 5 Lanchester Drive, Princeton Junction, has been elected treasurer of Heritage Commercial Finance Company. He was also recently elected a vice president in the commercial loan division of South Jersey National Bank. Both companies are subsidiaries of Heritage Bancorporation.

Heritage Commercial Finance Company is engaged in a variety of lending functions.

Mr. Gallaudet is a graduate of Yale University and attended graduate school at New York University. He was formerly associated with New Jersey National Bank in Trenton.

### PAR REPORTS LOSS

For Six Month Period. Princeton Applied Research Corporation has reported a loss for the six months ended June 30, of \$25,500 or three cents per share on sales of \$2,958,400.

Corresponding operating results for the same period last year were sales of \$2,949,100 and net income before extraordinary items of \$130,300 or 15 cents per share.

New order bookings for the six month period were 10 per cent higher than for the comparable period last year. June was a record bookings month resulting in a backlog of \$807,000, about 20 per cent higher than a year ago.

Net sales for the six months ended June 30, were, however, about 10 per cent lower than anticipated, primarily due to lower than expected new order bookings and delays in bringing new products to production.

Operating expenses, although within budgets based upon projected sales, were up substantially. Approximately one-half of the increase in operating expenses was attributable to expenses incurred within a new branch sales office in France and within the Company's subsidiary, Princeton Metal Systems Corporation (PMS). Operating expenses for the comparable period in 1972 included PMS for only two months following its acquisition.

PAR has recently determined that the scope of operations at PMS should be significantly expanded to capitalize fully on the high pressure extrusion and related technology developed to date. The Company is therefore actively seeking a suitable corporate partner to assume a major equity position in PMS and to provide sufficient working capital to allow PMS to implement its future programs.

**WHWH WINS AWARD**  
From Lawyers Association. News Director William Schirman has accepted an Award of Merit for Radio Station WHWH at a special Awards Luncheon at the Americana Hotel, Miami, Florida, in conjunction with the 27th Annual Association of Trial Lawyers of America.

WHWH was one of seven recipients of the 1973 Awards of Merit, presented by the ATLA to various segments of the news media for outstanding journalistic accomplishments in furthering the cause of equal justice and bettering the community, state and national welfare.

WHWH RADIO'S award was presented for the station's special news coverage of Trenton State Prison's Inmates Legal Associates program, the first of its kind in the country, developed by inmates of the prison to provide legal assistance to other inmates with pending litigation.

**WOMEN'S DOUBLES WINNERS:** Fourth-seeded Darathy Katz, left, and Marilyn Rosenthal emerged the winners in the women's doubles tournament sponsored by the Princeton Community Tennis Committee and the YMCA. Thirty-two doubles teams entered the event.

In a series of news broadcasts, the station revealed plans of the association's members to participate in law degree programs devised by Rutgers University and upon their release to become employees of the State Public Defenders Office as para-professionals.

WHWH's entry competed with stations ranking in the 51st thru 100th U.S. population markets.

### NEW SERVICE OFFERED

By N.J. National Bank. New Jersey National Bank's Trust Division has announced that the bank expects to introduce in August a new financial service designed to provide customers with individualized assistance in making investment decisions. The new service, called "Circle Investment", will be offered specifically to those with \$10,000 or more to invest.

In describing some of the features of the service, Joseph P. Wortz, Jr., head of the bank's Trust Division, commented that "the customer will be requested to provide information regarding his current financial situation and will be able to select either a growth or income stock portfolio consistent with this information and his long term investment objectives. The customer's portfolio will be kept under continuous supervision by our investment officers and changes will be recommended when appropriate. Final decisions will be made by the customer."

The fee for "Circle Investment" will be one percent of the market value of the securities under supervision, with a \$250 annual minimum.

### DAVIES PROMOTED

By Gallup Organization. John O. Davies III has been

named senior account executive and public relations director of the Gallup Organization, Inc., the Princeton-based marketing and attitude research firm.

He began his career with the Gallup Group of Companies 10 years ago, holding positions as Editor of the world-famous Gallup Poll and more recently Vice President of Public Opinion Surveys, Inc., another Gallup affiliated marketing organization.

Mr. Davies, 33, lives at One Ivy Court in Trenton with his wife Marianne and their five children. He is a Trenton City Councilman and currently a candidate for Mercer County Freeholder.

Most authorities say that Americans have more leisure time than ever before. This means that most of us have more time and more money for recreation. It also means that the recreational facilities you use, such as the bowling alley, the movie theater, and the golf course have become more and more a valuable asset for your community. The same is true of most homes. As living becomes more and more leisurely, one's surroundings become more and more important. Invest in a home, and you will be investing in your own future.

Invest wisely through the counselling of those at WALTER B. HOWE, 1 Palmer Sq., Princeton (924-0095), Pennington (737-3301) and W. Windsor (799-1100). Homes to suit your preference. Mortgage Assistance Available.

### KING'S GRANT FARM — 1738

In 1738 a wedding took place in the living room of the homestead on King's Grant Farm! Because earlier records were lost in a fire, that event marks the first known date for this lovely landmark, though the original section with its great walk-in fireplace, is obviously considerably older. Although the house has the features typical of its age—wide pegged floorboards, original hardware and window panes, center hall through to a Dutch door, three fireplaces, winding staircases—numerous windows and large rooms provide a not-untypical light, airy and roomy feeling. A very early pegged stair end of a pre-puddle construction, said to be one of only four left in the country, and a secret door to an attic room used by the Underground Railway are two especially intriguing touches. Consisting of large formal living and dining rooms, cozy paneled den, big updated farm kitchen, library or billiard room, 6 bedrooms, 3 1/2 baths and pretty screened porch off the dining room, this structurally sound, happy family house has been basically modernized and needs just enough redecorating to be fun for a new owner.

The lovely land—91 plus acres in two parcels—has everything that makes for country living at its best—gorgeous trees and shrubbery around the house, cultivated fields, meadows, gentle hills, woodland, and even a natural marsh area with a drinkable, fishable and swimmable brook running through it! Added to nature's bounty are a great old barn with 4 stalls, chicken house, old well, farm equipment shed, heated greenhouse and a swimming pool. For the investment-minded, considerable frontage on two roads makes subdividing simple and potentially profitable.
